CHICAGO, June 20.—The news of this convention is not whether Roosevelt or Taft shall be nominated, nor whether Roosevelt will bolt if he is defeated, nor the identity of a possible third, or compromise, candidate, nor the character of the platform.

These are interesting, are important, details of a notable gathering, but they are not the vital details. The great news of this convention is this: This convention now in progress in Chicago marks the passing of Republican national conventions of similar character. There never will be another convention like this. It is quite possible there never will be another Republican national convention of any kind; that this is the last. But whether or not there will be another, it will not be like this one or resembling in any regard the conventions of previous years running away back to 1860.

Moreover—and this even more important—this convention gives a date to the death of the Republican party as it is at present constituted and as it has been constituted for many years.

The name Republican may live, but the Republican party that name has typified since 1856 is dead. The funeral services are being conducted in Chicago at the present time.

#### NEW ORDER OF THINGS.

Take these two propositions in order, beginning with the passing of present style of conventions. There never will be another Republican national convention like this one, or like the one of four or eight years ago, or those of 16 or 20 years ago, for the reason that the political system that made conventions easily possible in the past, and barely possible now, has changed. The old politics is gone; the old politicians have been shifted out of power. A new generation is in command, a new idea prevails, a new system is in process of development.

The Republican party is no longer a cohesive fighting, definite organization. Instead it is really two parties—a stand-pat or conservative party, and a radical or progressive party. There is not the slightest doubt if there had been primaries in all the states instead of a few of them, the old crowd would have a pitifully small representation, no matter whether Mr. Roosevelt was a candidate or not.

So far as that eminent candidate is concerned, he grabbed progressivism; progressivism did not grab him; nor does that mean necessarily that the Republican party has overgrown its old systems and its old leaders and that the people demand a new method of selecting their candidates. They found the right to have a hand in the selection instead of being told of those selections after they are made.

If a census could be made it would be found that the radical element in the Republican party is not so much greater than the conservative element, as has been claimed. There are many conservative Republicans, but even the conservatives are fully alive to the deficiencies of the present system and many of them are as anxious for the readjustment as are the progressives. The fact of it all is that the Republicans, conservatives and progressives, have advanced beyond the methods of 20 years ago and that neither wing is wholly in sympathy with the present methods.

#### PRIMARY DUE TO SPREAD.

It is quite probable that before it comes time to nominate another candidate for the Presidency enough more states will have adopted the preferential primary system to make whatever convention shall be held merely a ratification meeting, about the same sort of a gathering as a meeting of the Electoral College. But even if that does not come for eight years, there never will be another Republican national convention where the Republican national committee can make up a temporary roll and where a pre-arranged credentials committee can have the last word on the confirmation of that roll.

There never will be another Republican national convention where delegates from the South, where there are no Republicans in number and where no Republican electoral votes can be obtained, can hold the balance of power as these delegates do in this convention. There never will be another Republican national convention where there can be the pre-convention manipulation and contests and duplicated contests there have been in this convention, nor where it will be possible to do what has been done by the national committee at this convention.

I say this without criticism of the present committee. Many of the contests brought before that body were bogus and trumped up for political effect. What I mean is, that the people will not longer tolerate a system that will give to the national committee the power to name a presidential candidate by selecting delegates to a convention. They will no longer allow one man for each state

### DELEGATES RELEASED BY T. R.?

**Gives Out Statement Various Interpretations; Will Stay in the Fight**

#### GRABS NOMINATION

"The American people and the Republican voters of the country already have nominated Theodore Roosevelt for the Presidency of the United States and Roosevelt and his followers will not recognize the Republican National Convention as regular unless the Hadley motion to oust the seventy-two delegates is adopted."—Declaration of Roosevelt and his campaign manager, Senator Dixon, at 11:30 a. m. today.

CHICAGO, June 20.—Conflicting reports came from the Roosevelt headquarters today that Colonel Roosevelt had released his delegates from all obligations to vote for him. At 11:30 a. m. the colonel issued a statement which was variously interpreted. It said:

"The time has come when I feel that I must make certain statements not only to the honestly elected members of the Republican national convention, but to the rank and file of the Republican party and the honest people of the entire nation. I went into this fight for certain great principles. At the moment I can only serve these principles by continuing to bear the personal responsibility which their advocacy has brought me."

**STATEMENT ACCEPTED.**  
Former Governor Regis H. Post of Porto Rico earlier had announced that Colonel Roosevelt had released his delegates, but would remain in the fight and this statement was accepted by a number of the Roosevelt leaders.

The colonel's own statement was so interpreted. O. K. Davis of the Roosevelt headquarters, however, said he was authorized by the colonel to say the statement as to the release of delegates was absolutely false. At further conference of the Roosevelt forces was scheduled for 2 p. m. today.

**DENIAL IS MADE.**  
At 11 o'clock this morning, half an hour after former Governor Post had announced that Colonel Roosevelt had released his delegates from all obligations to support him, O. K. Davis emerged from the conference room and denied the statement.

"Colonel Roosevelt authorizes me to say that any statement that he has released his delegates is absolutely untrue."

Post, who is a close friend of the former president, stated the colonel's reported intentions at 10:30.

"Colonel Roosevelt will stay in the fight to the end," said Post. "He will not withdraw under any circumstances."

Colonel Roosevelt was dictating a statement setting forth his decision when the announcement was made. That the American people and the Republican voters of the country already have nominated Theodore Roosevelt for the president.

### TAFT SILENT ON SITUATION IN CHICAGO

WASHINGTON, June 20.—The tenseness of the situation in Chicago was reflected today at the White House. President Taft himself was apparently little disturbed, but declined to see the newspaper men.

Officials announced there would be no statement from him until the situation was clarified. This was taken to indicate that new moves in the game, in which the President is the central figure, may be expected at any time.

One of the cabinet members contradicted the report that a third man might receive Taft's support.

### Found After He Had Been Missing Three Years

LONDON, June 20.—Father Maynard Jones, former law partner of the late William C. Whitney and the first secretary of the Yale Alumni Association, was found today in Streatham infirmary after a disappearance of three years due to loss of memory caused by absence on the long friend, found Mr. Jones today as the result of a year's search.

Conflicting reports rife that Colonel Roosevelt has released delegates pledged to him.

President Taft denies rumor that he has given a release to those men pledged to him.

Governor Hadley makes denial of published report that he and the Colonel had fallen out.

**CONVENTION HALL, June 20.—The Republican National Convention adjourned this afternoon until 11 A. M. tomorrow.**

CHICAGO, June 20.—With the split between the Taft and Roosevelt forces in the Republican national convention having at last reached the point where a definite threat to bolt had been made, many of the panic-stricken delegates in the city turned desperately today to the task of stirring up sentiment for a compromise candidate. Justice Hughes of the Supreme Court and Governor Hadley of Missouri were the names under consideration.

The California delegation met this morning and prepared a resolution announcing its withdrawal from the convention. The delegates said they would not be bound by the action "of a lot of thieves."

**T. R. TAKES COMPROMISE.**  
Practically all of the talk of a compromise candidate comes from the Roosevelt followers. There was evidence early today of a nearly complete disintegration of the Roosevelt forces. They appeared to be fighting desperately. The colonel's quarters were besieged by a mass of his followers and delegates seeking advice.

The conferences of last night had convinced the Roosevelt leaders that comparatively few of their delegates would desert the Republican party.

"It looks as if the bottom had dropped out," remarked a member of the Roosevelt council today.

**DEMANDS PURGING OF ROLL.**  
"They have not to purge that roll of the names of those who today or there will be no further treaty negotiations," was the emphatic declaration of Senator Dixon, managing director of the Roosevelt campaign, after an early morning conference with his chief.

"It's all over unless the convention is purified. The other side is scared, and I think they will purge the roll by their own motion." Senator Dixon was considerably excited as he talked of the tense situation.

"The future of the party," he declared emphatically, "as he waved his arms and clenched his fists, 'depends upon the integrity

**Woman Arrested on Suspicion of Knowing Cause of Fatality.**

NEW YORK, June 20.—Folk Rhonheimer, a wealthy real estate man, 50 years old, was killed early today when he fell down a flight of stairs at his home in a four-story apartment house on Seventeenth street.

Mrs. Mary Murphy, the housekeeper, was arrested by the police as a suspicious person. According to

the police, Rhonheimer's fall on the stairs was preceded by a quarrel with his housekeeper.

of the convention today. We will not stand for their steam-roller any longer."

Leaders of the state delegations which probably would not join a bolt were endeavoring last night to bring order out of the chaotic opposition by procuring some concessions from the Taft forces in control. Governor Deneen of Illinois, Governor Hadley of Missouri and some of their delegates sought out conservative leaders on the Taft side to see if something could not be done to avert a party split.

After being in conference with Colonel Roosevelt for 30 minutes, Governor Hadley, the Roosevelt floor leader, said:

"I will continue in the fight on the same lines as I have been following in the convention."

He denied a report of a disagreement between himself and Colonel Roosevelt.

Roosevelt members of the credentials committee agreed in a conference at noon to push only the Arizona, California, Texas and Washington contest cases, 48 delegates in all. They declared these were the most important cases. The agreement was made in the hope of shortening the committee sessions.

## STAY BY PRESIDENT.

"We will stay with President Taft," said Senator Penrose when told today of rumors that the president would permit the nomination of another candidate. "He is the strongest man suggested and certainly there can be no reason for dropping him until after a roll call shall have demonstrated the contrary."

This opinion was a fairly accurate reflection of the "most stalwart" leaders. Some, however, hold the view that in case of the nomination of Colonel Roosevelt by a bolting convention, some other candidate than Taft might more effectively hold the radical wing of the party in hand. The names of Hadley, Hughes, Cummins and La Follette were canvassed as possible nominees. There, however, was no early general movement in behalf of either of them.

H. M. La Follette of Tennessee, a cousin of Senator La Follette of Wisconsin, held a consultation with William Barnes of New York. It was then that La Follette bore a message from the Wisconsin leader regarding the La Follette instructed delegates but the details of the conference were not disclosed.

Senator Kenyon this afternoon issued a statement saying:

"The situation today is greatly in favor of Senator Cummins' candidacy. He offers the ideal compromise in the present crisis. He is the least objectionable to either extreme of the party in this convention."

## COMMITTEE NOT READY.

James E. Watson, floor leader for the Taft forces, announced that the credentials committee would not be ready to report at 4 o'clock and that when the convention assembled at that hour it would be only to adjourn until tomorrow.

Relative to a report that Colonel Roosevelt would appear at the convention at 4 o'clock and attempt to address the delegates, Watson said that if the colonel appeared he would be given an opportunity to speak and the convention would adjourn immediately thereafter.

Harry A. New expressed the belief that the convention would be unable to finish its work this week and would have to adjourn over Sunday.

## ILLINOIS TO STICK.

The Illinois delegation held a meeting this afternoon at the conclusion of which it was voted 55 to 2 not to follow a possible bolt.

It was nearly 8 o'clock before Colonel Roosevelt entered the Wisconsin room to conduct an executive session of delegates pledged to his candidacy. All outsiders were excluded.

Convention Session  
Lasts Four Minutes

CHICAGO, June 20.—Exactly four minutes (11:58 to 12:02) was the duration of the opening session of the third day's session of the Republican national convention. The immense crowd, nearly 14,000 persons, who had fought their way into the hall after an hour or more in line, had only to go out again.

The only business was the prayer and the motion of Watson of Indiana to be in recess until 4 p. m. The only reason for the recess was the fact that the credentials committee at work upon the contests affecting the personnel of the convention had only fairly begun its work.

Through the real reason of the situation was developing nearly a mile away at the hotel, the crowd around and in the Coliseum today was in the most tense condition of mind.

Chief of Police McWeney took personal charge of the police and his orders were as strict as an army. He ordered that even legitimate ticket holders including newspapermen were treated as if they were committing a crime in desiring to enter.

TASK IMPOSSIBLE.

For a newspaper correspondent trying to cover alone the happenings at the hotel and also at the Coliseum was a simply impossible task.

The various delegations began assembling in about 11:30. The band began playing popular airs at 11 o'clock and continued until the gavel fell. The music was varied today by the playing of the hymn, "The Star-Spangled Banner," which was heartily sung.

Scarcely any notice was taken of the arrival of Chairman Root, who had been expected for a moment, the target for a hail of abuse.

The crowd fell a few minutes after the arrival of the Hon. Dean Walter Sumner of the California St. Peter and St. Paul church.

SEAN SUMNER'S PRAYER.

The prayer of Sean Sumner was as follows:

"In the name of the Father, and of the Son, and of the Holy Ghost."

"Thou God, who art the Father, and the Son, and the Holy Ghost, we beseech thee, and pray thee, that thou wilt bless this convention, and that thou wilt bless the people of the United States, and that thou wilt bless the world."

"Amen."

"The prayer of Sean Sumner was as follows: In the name of the Father, and of the Son, and of the Holy Ghost."

NEW SET OF RULES  
TO GOVERN BOARD

CHICAGO, June 20.—As a result of the position in which the convention found itself at the opening of the convention, the rules committee today decided to draw up a set of rules to govern the procedure of that committee in the future. The committee adjourned until later in the day to permit Professor Nicholas Murray Butler of Columbia University to put the new rules into proper parliamentary language.

## ALABAMA CASE CALLED.

The Alabama case, the contest over the ninth district, was taken up. George R. Handley presented the Roosevelt case, claiming the Taft members of the district convention "had bolted" and organized an illegal convention. Halbert's persistent demand for a delay terminated in a motion to "adjourn for 15 minutes." This was overwhelmingly defeated and Chairman Devine then ordered the sergeant-at-arms to compel Halbert to take his seat. The latter did so reluctantly.

Handley, the Alabama Roosevelt attorney, protested against the presence as a member of the committee of Alexander J. Birch of Alabama, who had participated before the Alabama arguments. Birch said he would not vote on the case.

R. R. McCormick of Illinois, who had come into the room, asked permission to designate another man to represent him during the day. This was granted after it was made clear that "only a delegate to the national convention" elected from the member's own state could come in on such a proxy.

The ninth Alabama contest involved the control of the district committee. Roosevelt men claimed the Taft forces had bolted; while the latter claimed their rivals used an unauthorized resignation of a Taft member in order to fill his place. Roosevelt attorneys succeeded in introducing an affidavit from the Taft secretary of the district committee to show the Taft men had been "bolters."

## FIGHT FOR TIME.

On the Alabama cases, members of the committee began to demand adherence to the half-hour rule. Taft

CHICAGO, June 20.—The committee on permanent organization this morning voted 22 to 7 to make the temporary organization permanent. This would continue Root as president and officer and continue all temporary officials throughout the convention. The motion to make the temporary organization permanent was made by

Governor Pennewill of Delaware, whereupon Ira C. Copely of Illinois moved a substitute asking that the committee defer action until the report of the committee on credentials had been received and acted upon by the convention.

The delegates went wild but the Copely motion was lost 7 to 22.

CHICAGO, June 20.—The only welcoming applause this morning was for William Jennings Bryan, who is reporting the convention for a number of newspapers. After the noon adjournment he held an informal reception over the rail of the press section.

Resume Work of  
Shaping Platform

CHICAGO, June 20.—The subcommittee on resolutions resumed shaping the platform today as if nothing had happened. Of the three Roosevelt members of the subcommittee, not one was present and it was not expected that any of them, except Governor Hadley of Missouri, would be in attendance.

Both Rowell of California and Lewis of Pennsylvania were understood to have cast their lots with Colonel Roosevelt. Governor Hadley's attitude left no doubt in the minds of his colleagues that only one important business would be allowed to keep him away.

The committee had before it the draft of the three platforms submitted by Taft, Roosevelt and La Follette leaders, respectively. All the Illinois, Maryland and Nebraska members of the full platform committee dropped in to say that though they belonged to Roosevelt delegations, they had no thought of ceasing their work in the committee. They were asked to sit with the subcommittee and accepted the invitation.

Governor Hadley also appeared toward the close of the session. Dr. Nicholas Murray Butler as a proxy for Barnes, the New York member of the subcommittee.

A small sharp difference of opinion has arisen among the members of the subcommittee on resolutions on the tariff plank. Two propositions are before the committee, one reiterating the declaration of 1903 in favor of a tariff which would cover the difference in the cost of production between this country and European nations and the other providing for a tariff which would maintain the American standard of living.

The latter is proposed by Senator Lippitt of Rhode Island, and while it has received the favor of some of the members has been opposed by others.

It is stated that a declaration in favor of a high tariff as opposed to any reduction.

TWO STATES MAY

CHICAGO, June 20.—Ohio is not expected to join a bolt if one occurs. Arthur L. An effort to induce the Illinois delegates to join in a bolt continued until 3 o'clock this morning, but failed.

NEW YORK, June 20.—Theodore Roosevelt has declined to join the New York Men's League for Women Suffrage. Immediately after the recent announcement by Colonel Roosevelt that he was for woman suffrage the secretary of the league, Mr. Beadie, called at the former president's office and left a membership blank for him to sign. The secretary now has received his answer. It says that Colonel Roosevelt "at the present time does not wish to avail himself of your kind offer."

Counties Committees Meet In St. Francis Hotel for Discussion.

SAN FRANCISCO, June 20.—The Panama-Pacific Exposition Company held an important meeting in the St. Francis Hotel this morning to consider the matter of a California counties building for the 1915 fair. Delegates to the number of 200 were present representing every county in the state and most of the fair directors were on hand. Names of delegates were determined upon following the speeches delivered today, but a decision will be reached at a meeting to be held tonight. The sentiments voiced by those who talked were in favor of one large building to house the exhibits of all the counties.

The session was addressed by President Moore, Judge Curtis H. Lindsey, Lieutenant Governor Wallace, Director of Works Harris J. H. Connick and R. J. Tausig.

This afternoon following a luncheon at the hotel a tour of the exposition site was taken by automobile. Then came a review of the troops at the Presidio and the selection of a state building site by the Kentucky commission. An informal dinner at the St. Francis is to follow.

SAN FRANCISCO, June 20.—A petition for guardianship was filed here this morning by George A. Dorsey of Oakland in the case of Mrs. M. E. Finn, an 89-year-old widow of 1100 Haight street. Mrs. Finn, who is 89 years old, was the widow of Captain Walter Scott of Alameda, who died in May, 1911. She married Finn last March and is about to come into possession of \$20,000 left her by Captain Scott. Rumor has it that there is a possibility of a separation between the couple. round of applause. The convention was again called to order by Chairman Root at 4:05 p. m. Silence was immediate.

Members again announced that the credentials committee was not ready to report, and moved to adjourn until 11 a. m. tomorrow. This action was taken at 4:07 after a session of one minute.

Roosevelt Members  
Return to Committee

CHICAGO, June 20.—Roosevelt members of the credential committee, acting under the suggestion of Colonel Roosevelt, returned to the meeting of that committee today. Their statement last night that they had "left the committee for good" was followed by a decision to go back and participate in the hearing of contest cases.

Under the revised rules the Roosevelt men claimed they had won their chief points, namely to secure the introduction of new evidence and to secure greater time for debate.

More than an hour and a quarter was occupied by the Roosevelt attorneys in presenting the Roosevelt side of the first case called, that of the ninth Alabama district.

Members of the committee expressed doubt as to the possibility of concluding the 72 contest hearings in time to make a report to the national convention this afternoon.

Roosevelt members of the credentials committee agreed in a conference at noon to push only the Arizona, California, Texas and Washington contest cases, 48 delegates in all. They declared these were the most important cases. The agreement was made in the hope of shortening the committee's sessions.

## COLONEL'S MEN APPEAR.

When the credentials committee assembled this morning to take up the contests, Roosevelt men unexpectedly appeared to take part in the proceedings. Only 22 of the 52 members of the committee answered present when the doors were opened to the newspapermen.

Hugh T. Halbert, of Minnesota, and L. N. Mitchell of Pennsylvania were the two Roosevelt men first to appear in the committee room. Francis J. Heney and the majority of the other Roosevelt men were not present when the committee met.

Halbert and Mitchell joined in making the following statement: "We are here because the action taken last night by the minority members of the committee has resulted in giving us a fairly good set of rules and free and open discussion, with the presentation of any new evidence that might have been heard by the national committee."

"We forced the adoption of fair rules."

The session opened with a protest from H. E. Sackett of Nebraska and Halbert said that notice ought to be served on all contestants. For a time this threatened another break for Halbert appealed from the chairman's decision. He later withdrew his appeal.

Halbert of Minnesota moved to "adjourn the credentials committee hearing for 15 minutes." The motion was overwhelmingly defeated and under Chairman Devine's orders the sergeant-at-arms induced Halbert to take his seat.

The roll call showed the following Roosevelt men absent: McCormick, Illinois; Harris, Kansas; Covington, Maryland; Cowles, North Carolina; Norton, Oklahoma; Ray, South Dakota; Cady, Wisconsin.

Halbert declared seven of the men who left the room last night still were absent. He asked for a delay until they could arrive.

CONTESTANTS READY.

Chairman Devine said the meeting hour already had been long passed and that contestants were ready and waiting to be heard.

George R. Lamb of New York and W. W. Estabrook of New Hampshire, demanding the delaying tactics of Roosevelt be stopped.

"Oh, I know you are going to use the steam roller method," said Halbert.

"Not at all," returned Malby, "we want to do business and you want to prevent us being done."

Halbert said he wanted "only fair play."

"Oh, yes," shouted several members, "you acted like it last night."

The committee room at 11 o'clock contained the following Roosevelt men: C. S. Claiborne, Indiana; James H. Lamb, Maine; Hugh T. Halbert, Min-

leaders declared they proposed to let full discussion be had on all cases.

Halbert said Roosevelt men favored taking the Alabama, Washington, Texas and California cases directly before the national convention for decision.

The prospect of holding the national convention later for several days while the total of 72 contests were considered induced Roosevelt men to agree to abandon the Arkansas, Indiana, Kentucky, Michigan and Tennessee group of 15 and fight for the others.

Halbert stated that "seven or eight Roosevelt men had agreed to the plan and that it would be formally presented to the convention."

## DEFEAT ROOSEVELT.

A motion to seat the two Roosevelt delegates from the Ninth Alabama district was defeated. St. Clair of Idaho, known as a Roosevelt man, and S. Cady of Wisconsin, voted against the Roosevelt delegates. Jesse Tollerton of Missouri said he had listened to more than two hours of argument without being able to decide how to vote. He later voted for the Roosevelt contestants.

## HOW THE VOTE STOOD.

Those voting for the Roosevelt delegates were: Illinois, R. R. McCormick; Kansas, Ralph Harris; Maine, Jesse M. Libby; Minnesota, Hugh T. Halbert, Nebraska, H. E. A. Sackett, New Jersey, J. Boyd Avis; Missouri, Jesse Tollerton; North Carolina, C. H. Cowles; North Dakota, W. S. Lauder; Ohio, John J. Sullivan; Oklahoma, Daniel Weston; Oregon, Y. Smith; Pennsylvania, Lex M. Mitchell; South Carolina, J. H. Connick; Tennessee, W. W. Estabrook; Texas, George R. Lamb; Virginia, Harry Shaw; West Virginia, Lex M. Mitchell.

mitted nearly 2000 people without tickets yesterday were discharged by Sergeant Arms Stone today. Tickets were scrutinized so carefully today that hours were required to admit those entitled to seats. Hundreds of people sat down in the hall to wait until 4 p. m.

HUNDREDS IN SEATS.

When the doors of the Coliseum were again thrown open at 2 p. m., with still two hours to spare before the gavel should fall, the people began to pour in rapidly. At least a thousand notes had left their seats at all.

No man or woman who went through the struggle for admission this morning could face without a quiver the prospect of repeating it the same day, anyway. So there was a good-sized audience all through the long wait, to hear the band, which in its lofty little box between the big flags on the north wall enlivened the interval with popular music.

The heat and humidity of the day increased after noon, and many began to shed their coats. Thus far Chicago has given the convention delightful, coolness, contrasting most agreeably with the smothering humidity of the last few days of Republican convention week, four years ago.

As the afternoon wore on the western sky threatened a thunder storm. At 3 o'clock it began to shower. Rain came through the skylights and west windows. Umbrellas were open all over the hall.

LA FOLLETTE BURY.

La Follette enthusiasts during the recess distributed hundreds of little fans of material such that, wrapped with lead pencil, would make a drum out of one. One man wore a picture of the Wisconsin man, the other a printed list of the achievements attributed to him. The fans were in great demand, if only because of the increasing heat. What they would contribute in the way of votes to a demonstration such as yesterday could be guessed.

"Hedley for president" badges made their appearance among the political headquarters this afternoon. This badge was not traceable.

Chairman Root was given a hearty

to act as a judge and a dictator. They will do their selecting themselves, or most of them.

The national committee as a determining factor for candidates has been shoved out of the party. The national committee never will perform, as many national committees have performed in the past, even without enough primary states. It will be dead as a smelt in four years from now.

The old cry of "stand by the organization" has ceased to be a fetish. The people will stand by no organization that will not stand by them, and by this I do not mean that the protest is pro-Roosevelt, for it is greater than that. Mr. Roosevelt adroitly seized a movement for his own aggrandizement that is much greater than he is—great though he may be. He capitalized a cause that existed before he thought of seizing it, and that will continue even after he retires from view. Mr. Roosevelt projected himself into leadership. He did not incite the rebellion nor did he ever do much towards supporting it until lately.

The condition is not a Roosevelt condition. He is merely the incident symptom of the condition. It is a widespread, deep-down movement that has worked with much rapidity in the last four years and will work with even greater rapidity in the coming four years.

This convention, with its contests, its struggles for delegates, its parliamentary see-sawing, its lack of determination, its almost equal division between the old order and the new, its creaking, rusty machinery, its petty politics and its petty politicians, its reliance on patronage and Federal office-holders, its coercion and corruptions and methods of 20 years ago, when the people were complacent instead of contentious; its bosses and its bosses—this convention is the last of its kind. There never will be another like it.

It is quite likely there never will be another of any kind, except as a ratification meeting; but certainly there will never be another where a national committee will have so great a power. Their days are gone.

#### OLD PARTY PASSES AWAY.

Moreover, to get to the second proposition: The Republican party as such no longer exists. It is dead. The old Republican party of high protection, of war memories, of notable achievements, has passed. No further proof of that is needed than the convention now in session in Chicago. The opening day and the second day, as well as the preliminaries, gave ample proof of this.

Imagine a Republican convention of so recent date as four or eight years ago, where not one-tenth of the delegates knew even by sight the men who have directed the affairs of the party for two decades. Imagine a Republican national convention of even 4 years, or eight years ago, where James E. Watson of Indiana was floor leader and the great leaders were Boise Penrose and Murray Crane and William Barnes on one hand, and Herbert S. Hadley, William Flinn and Francis J. Heney on the other.

Imagine a Republican convention where Seno Payne and William O. Bardley were the best who can be set forward to defend a proposition on which the whole structure of organization depends. Imagine a Republican convention where the organization candidate, who is President of the United States, has a few adherents and no friends, and whose supporters are supporting him for purely personal selfish political reasons, and not for patriotic party reasons even.

Imagine a convention where scores of Republicans from all parts of the United States, men who have been active leaders in years gone by, are on hand merely as spectators, and where scores of other men active as leaders for years are not present at all.

#### THEY ARE NOT CONSIDERED.

The new order has passed them by. They are not considered, no matter what kind of a platform is adopted, no matter who nominated, no matter whether Mr. Taft is chosen, no matter whether Mr. Roosevelt is chosen or bolts, no matter if a third candidate is selected to "save the party"; the party that follows Taft, that follows Roosevelt, or that is "saved" by a compromise, will be a new party, or it will be two parties—one a relic and the other a foundation.

All this is clearly apparent to any person who has watched the two sessions of the convention thus far held, who watched the preliminaries, both in the states and before the national committee.

The uprising that has wrecked the old Republican party isn't due to Mr. Roosevelt. It began before Mr. Roosevelt took advantage of it. It will grow with or without his expert assistance. There is more to it than there is to Rooseveltism, who merely typifies it now, and there is more to it than there is to anti-Taftism. It is a basic, a fundamental condition.

The country has outgrown the old system. It has outgrown the old party ties. It is intolerant of organization demand. It has cast the old-style politician aside. The people are working with whatever instruments they have at hand, and some of those instruments are crude, but they will find the men when they get conditions established. The old-time politician is out of it. This convention shows that, for even if the old-time politicians succeed in nominating Mr. Taft, they have done nothing but nominate him. The people have the say as to his election, and the same will hold true of Mr. Roosevelt. There will be politicians, of course, but they will be new politicians, not old-style ones.

#### NOT ONE THING OR OTHER.

Here is a convention now being held in Chicago that is epicene—not one thing or the other. It marks the last stand of the old crowd and sets out the skirmish line of the new. Unfailingly it predicts the new alignment that must come.

Certainly it points out the fact that may be recognized, the fact that the politics of this country must be readjusted; that there must be a radical party and a conservative party. Inevitably, also, the convention at Baltimore will prove the same contention. There are now four parties—a conservative Republican and radical Republican, and a conservative Democratic and a radical Democratic. Four parties cannot exist, for no one of four parties can hold the majority, and ours is a government by the majorities.

Every word of debate, every bit of strategy, every piece of manipulation, every struggle for votes, every deal with delegates, every speech, every motion, every vote in this convention, both on Tuesday and on Wednesday, proved this contention. Nominally, all were either Taft or Roosevelt demonstrations. Really they showed the struggle between the conservatives and the radicals in the Republican party. Absolutely, they point to the disintegration of the Republican party as it has existed in the past.

It makes no difference whether they succeed in nominating Mr. Taft in this convention or Mr. Roosevelt is named by the convention, or by a bolting convention he organizes. If Mr. Taft is named the Roosevelt partisans will make their protest on election day, and if Roosevelt is nominated the Taft men will do the same thing; and if both are named, the issue will be clean cut within the Republican party.

It will be the same if a compromise candidate is selected, for, in the case of a compromise, and after the event of the Baltimore Democratic nomination, there is no doubt that the people will divide to a large extent on radical and conservative lines,

and that the more radical of the two men named by the opposition parties will receive the votes of a large proportion of the radical in both parties, and the conservatives will be supported similarly by the conservatives.

If Mr. Roosevelt had not gone into the fight at all and the Republicans were now naming Mr. Taft, as it seemed some months ago they would be without such opposition, the result would be the same, for the radicals in the Republican party, in that event, would surely support the Democratic candidate in large numbers if he were radical. Failing such a candidate, there probably would be a third party.

No compromise candidate can make a cohesive party of the Republican party. It is split wide apart. This convention has proved that time and again, and is proving it every minute it is in session.

## ROOSEVELT RELEASES DELEGATES, IS REPORT

### Conflicting Interpretations Put on Statement Issued by Him

(Continued from Page 1.)

dent of the United States, and that Roosevelt and his followers will not recognize the national Republican convention as regular unless the Hadley motion to oust the 72 contested delegates is adopted, was the declaration of Roosevelt and his campaign manager, Senator Dixon, at 1 o'clock.

"We will not recognize the legality of this so-called Republican convention until it purges itself of the 72 contested delegates enumerated in Governor Hadley's motion of yesterday," said Senator Dixon after a conference with Roosevelt. "The nomination for president has been made. The American people have named Theodore Roosevelt and elected a majority of more than 100 delegates to this convention."

"These delegates must be recognized or we will not recognize the convention as the regular convention of the Republican party."

"If the convention does not unseat the 72 delegates what will happen?" "That will come later. We will await developments on this before taking any future action," replied Senator Dixon.

Colonel Roosevelt arranged for a private conference with his leaders to be held immediately after luncheon. Not all the delegates will be admitted.

**HADLEY IN CONFERENCE.**  
Governor Hadley, whose name was heard everywhere about the Roosevelt headquarters as the man to whom some supporters of the colonel would turn, was in secret conference with the former president.

It was half an hour after the statement by Post that O. K. Davis, connected with the Roosevelt headquarters, emerged from the conference room and made the denial. Some of the Roosevelt leaders, however, proceeded on the theory that Post's announcement was correct.

**DISSENSION EXISTS.**  
Serious dissension exists in the Roosevelt camp. Many of the leaders were frank in their declaration that the colonel had acted too hastily in coming to Chicago and in precipitating a bolt from the committee on credentials last night.

It also was stated that there was likely to be a very material modification of the Roosevelt program today. The more conservative members of the faction swept from their feet in the surprise assault of the radicals last night to bolt, seemed early today to have the upper hand again.

Colonel Roosevelt said early this morning before Governor Post gave the endorsement of the entire nation, that he must make certain statements to the delegates, that he would hold a statement a little later probably giving new instructions to his "loyal followers." It was then the hope of the Roosevelt conservatives that the convention when it met at noon would recess until 4 p. m. This would give them a breathing spell and an opportunity to assemble their evidently broken forces.

**READY WITH COMPROMISE.**  
Roosevelt followers in nearly all of the state delegations were busy with compromise work. The majority of the New York delegation were in conference until 4 a. m., and it was said that Mr. Littauer, a Roosevelt supporter, had helped in a movement to turn the room for Justice Hughes. The Roosevelt conservatives were a little fearful as to how the Taft people might receive the proposition of a compromise. With the Roosevelt movement apparently crumbling, it was said by some of the Taft people would stiffen up. There was talk on the other hand that some of the Taft people, satisfied with having defeated Roosevelt, would be content to take a "no" which would be the end of bringing the factions together.

Francis J. Heney of California, Roosevelt leader, said the "fight against the thieves" would be continued in the convention today. "If the colonel bolts, will he be the progressive Republican nominee?" Heney was asked.

"Aw, cut out the Republican," he replied. "What we want is a 'progressive' party." Senator Miles, founder of Washington said as he left the conference room.

"Nothing has been determined. The Roosevelt delegations will hold a meeting at 2 p. m. to decide on all questions as to what course shall be taken from now on."

"Was any compromise candidate mentioned in the conference?" he was asked. There was no discussion of a third candidate.

"Were any plans for averting a bolt taken up?"

"No, it is certain that there will be a bolt, as you call it. It is a beginning of a new movement in politics. We will not be a faction of the Republican party, we will be a new party, a new force in American politics," declared the senator.

"Does Colonel Roosevelt's release of his delegates mean that they will go to any other candidate?" he was asked.

"No, not at all. It simply means that they will be free to act as they please. They will not be bound by wish to hamper any man by asking him to join in a bolt when bound by instructions to Roosevelt. No great movement can succeed if its followers are under any restraint."

**MAY LEAVE HALL.**  
"Will the Roosevelt delegates leave the hall?"

"That has not yet been decided. The question of whether we shall endeavor to hold a convention in the hall or leave the building and hold our convention separately will be taken up at this afternoon's meeting."

When the Roosevelt conference broke up a group of excited, irritable leaders broke from the doorway of the colonel's suite. Flinn of Pennsylvania, the first to come out, dashed down a back stairway.

"There is nothing to say, nothing is decided," he exclaimed. "The convention will adjourn until 8 o'clock tonight to give us time to form plans."

**WAVES INQUIRIES ASIDE.**  
Senator Clapp waved all inquiries away with an impatient exclamation. All of the other men in the conference hurried away, showing their way through the crowd that had congregated before the door and that had necessitated the calling of a squad of police.

Following the Post announcement

at 10 30 a. m. that Colonel Roosevelt had released his delegates from all obligation to support his candidacy, the scene around the Congress Hotel was one of confusion.

It was said that 114 delegates had "signed up" to go out of the convention. Others were inclined to believe that the course of the former president had made it easy for them to remain in the convention as "regulars" with an opportunity to vote for a third party candidate if they chose.

Theodore Roosevelt, before his political advisers and a personally selected number of delegates instructed for him, late this afternoon, read a statement of his position in the Republican nomination fight and left it to them to decide what position they would take in the struggle.

Roosevelt called before him two delegates from each of the states which have supported him and the leaders in his campaign. After outlining his position, declaring that he would continue his fight on principles he had outlined from the beginning, the colonel left the room and the delegates and leaders sat down to deliberate what would be done.

A protracted session was expected. Colonel Roosevelt returned to the conference at 3 30 p. m., walking arm in arm with Governor Hadley of Missouri, to the meeting room.

**"TIME HERE," ROOSEVELT.**  
Following is the full text of the statement issued by Mr. Roosevelt this afternoon.

"The time has come when I feel that I must make certain statements to the people of the entire nation. I went into this fight for certain great principles. At the moment I can only serve these principles by continuing to bear the personal responsibility which their advocacy has brought to me."

"On behalf of these principles I made my appeal straight to the people themselves. I went before them. I made my argument in full, and every move I made was in the open without concealment of any kind. The opposition was extraordinarily bitter, for I was opposed by the practically solid phalanx of the big, conscienceless political bosses, and, of course, the many big newspapers which are controlled by or in the interest of the bosses and special privileges."

**WINS AT PRIMARIES.**  
"Nevertheless, in the appeal to the people I won. In many of the Republican states and of the Democratic states where there are a large and real Republican party, primaries of different kinds were held and a substantial expression of the will of the people was obtained. In these primary states some 3,000,000 voters, the rank and file of the Republican party, cast their votes. I beat Taft considerably more than two to one. In these states I obtained about six delegates to the national convention."

"Nearly three-fourths of my delegates came from these primary states where the people had a chance to express themselves. Taft's strength, as indicated by the two roll calls already taken, consisted chiefly (aside from his ninety stolen delegates) of the nearly solid delegations from the territories and from the southern states in which there is no real Republican party—South Carolina, Georgia, Florida, Alabama, Arkansas, Mississippi, Louisiana—and of northern states like New York, where the people had no chance to express themselves at primaries and where the delegates were picked by the bosses."

**CLAIMS CLEAR MAJORITY.**  
"In spite of these odds against me I obtained a clear majority of all the delegates elected to the convention. Another change provided for the campaign again and again I stated that if the people decided against me I would have nothing to say; but that if they decided for me and the politicians then robbed me of the victory I would not silently and tamely acquiesce. It was already evident that my opponents, with Taft's acquiescence, intended to beat me by foul means if they could not by fair means."

"The crucial, but not the only step in the concerted and hitherto successful effort to cheat the people out of the victory had been fairly won, which, without one show of justification, degraded all the contempt of the most ordinary rules of decency, in making up the temporary roll call unseated ninety fairly elected Roosevelt delegates and substituted for them ninety Taft delegates, who, in the convention, represent nothing whatever but successful fraud."

"I was clearly entitled to all these ninety delegates, and I had ninety possessed, for instance, clearer titles than the unseated Taft delegates from New York City, and as to seventy

of them their titles were as flawless as those of any other delegates in the convention."

Mr. Root was elected and Governor Deneen's motion for partly cleansing the roll of fraud was defeated by the vote of these ninety fraudulent delegates the last vote being a vote on a straight moral issue the result of which in my judgment ought to render it impossible for any man longer to take part in the proceedings of the convention as now constituted. The majority in each case was slightly over fifty. In each case, therefore, if it had not been for the hitherto successful fraudulent rascality which placed these fraudulent delegates on the roll

All these ninety fraudulent delegates were seated at the same time by the votes of the same national committeemen to serve the same purpose. The credentials committee to try their cases includes three of their own number, from the states of Washington, Arizona and Texas, where the delegates were stolen. This committee selected as its chairman the Guernsey delegate from Colorado who had already as national committeeman assisted in initiating the very frauds upon which he is now to sit in judgment."

Nothing that this committee may do is entitled to consideration and in considering what they do it will be well to keep in mind the remark made in private by one of the national committeemen, who when asked why they had stolen so many delegates, answered that he needed for their purpose a number amply sufficient to accomplish all the ends they have in view. Moreover, it is well to remember that the fraud is equally great and equally reprehensible whether the fraudulent delegates actually vote on the nomination for President or whether they are merely used to create a situation which renders it unnecessary for them to vote on the nomination for President."

The Roosevelt delegates after a two-hour session and after listening to Roosevelt's outline of his position in the fight, adopted a resolution providing that they should participate in the regular convention until it became apparent they could no longer take part in the proceedings."

The caucus of Roosevelt leaders also determined that between sessions a caucus should be held to determine upon the action of each session as it may affect their position.

**TAFT IN DENIAL.**  
WASHINGTON, June 20.—A report from Chicago reached the White House today saying President Taft had authorized Senator Crane to release the Taft delegates to the national Republican convention following Colonel Roosevelt's reported action in releasing his.

President Taft immediately denied the report and after he had talked with Senator Crane over the long distance telephone, White House officials announced that Senator Crane had denied having made any such statement.

It was said the president's conversation with Crane had strengthened his determination not to agree to any compromise.

**BOLTERS TO BE GIVEN SHORT SHIFT BY PARTY**  
CHICAGO, June 20.—Bolters in the national committee from the party nominees will be given short shifts hereafter by reason of an amendment to the rules governing that committee made by the rules committee of the Republican convention today. It provides that the national committee in the future may summarily remove and appoint a successor to those who refuse to support the nominee.

Another change provided for the recognition of the members of the national committee elected in these states having preferential primaries and making compulsory their endorsement by their respective state delegations in the convention.

**MRS. MARTIN MUST SERVE HER TERM**  
SAN FRANCISCO, June 20.—The District Court of Appeal in a judgment rendered at 3 o'clock this afternoon, affirmed the decision of the Superior Court of the county sentencing Mrs. Isabelle Martin of the attempted dynamiting of the home of Judge O'Brien.

# JUDGE PARKER IS CHOSEN CHAIRMAN

## CLARK NAMES STONE FLOOR MANAGER

Veteran Politician to Look After Interests of Missouri Candidate.

W. J. Bryan Declines to Discuss Selection of Democratic Rival.

BALTIMORE, June 20.—Former Judge Alton B. Parker was recommended today for temporary chairman of the Democratic national convention, which meets here next week, by the committee of arrangements. No opposition was made. The vote was as follows:

Judge Parker 3, Representative Henry of Texas 2, Senator Kern of Indiana 1, Senator O'Gorman of New York 1, Senator-elect Ollie James of Kentucky 3.

Several of the committeemen said they thought that the matter would be taken to the convention floor. It was informally proposed this morning that Colonel Bryan be named permanent chairman. W. F. McCombs, leader of the Wilson forces, said that the Wilson people had no candidate for temporary chairman and would abide by the committee selection.

It was reported here that the Clark advocates would meet in Washington tomorrow to determine their course. Charles F. Murphy, leader of Tammany Hall, was expected here tomorrow with Governor Dix following the day after and Judge Parker arriving Monday.

Champ Clark has selected that veteran politician, Senator W. J. Stone, of Missouri, to be floor manager for him at the convention.

**"ONE AT A TIME."**  
CHICAGO, June 20.—William Jennings Bryan refused today to commit himself on the report that he is opposed to Alton B. Parker's presiding as temporary chairman of the Democratic national convention.

"One convention at a time, please," he said. "Our convention comes next."

**TO KEEP IN TOUCH.**  
NEW YORK, June 20.—Woodrow Wilson left here today for Sea Girt, N. J., where he expects to remain until after the Baltimore convention. A private telegraph line to the convention hall in Baltimore will be installed at the governor's cottage at Sea Girt.

**NO COMMENT TO MAKE.**  
ROCHESTER, N. Y., June 20.—Judge Alton B. Parker when shown the dispatch announcing his selection as temporary chairman of the Democratic national convention declined to make any comment or to say whether he would accept. He is in Rochester attending the trial of the Independent Telephone Cases.

PEKING, June 20.—The Chinese troops stationed at Mukden mutinied last evening, according to dispatches from that city. Many natives were victims of their frenzy, and hundreds of houses were destroyed. Looters and their property were not harmed.

## HOMER PATRONAGE TO BE UNDER DISCUSSION

A discussion of the patronage of home industry by Oakland contractors and builders will be held before the Manufacturers' committee of the Chamber of Commerce at its regular meeting tonight. F. Walker, the local contractor, will be the chief speaker on invitation of the committee. The meeting will also be attended by members of the various material men's associations, the Home Savings association and other industrial bodies.

## ROBBED WHILE HE SLEEPS.

BERKELEY, June 20.—The apartment of Otto J. Kelly at the Virginia apartment on Addison street was robbed by a burglar who entered and got away last night while Kelly slept. Clothing, a watch and a small amount of cash were stolen. There is no alarm to the police.

## NO ONE STRONGER THAN HIS STOMACH.

The celebrated Dr. Abernethy of London was firmly of the opinion that the stomach is the most profitable source of human ailments in general. A medical writer says: "very feeling, emotion and affliction reports at the stomach (through the system of nerves) and the stomach is affected accordingly. It is the vital center of the body." He continues: "so we may be said to live (through) the stomach." He goes on to show that the stomach is the vital center of the body. For weak stomachs and the consequent indigestion, constipation and the various diseases which result therefrom, no medicine can be better suited to a sensitive agent than

Dr. Plummer's Golden Medical Discovery.

"Several months ago I suffered from a severe pain right under the breastbone," writes Mrs. G. M. MURPHY, of Corona, Calif. "I had no sleep, and I was very nervous. I tried several medicines but they did me no good. Finally, I was told it was my liver. I did not care to eat as it made me worse. When I received your Golden Medical Discovery, I took it as directed and in a few days I was feeling better. I could eat and sleep and was very happy. I am now strong and well and can do a big day's work. I am very grateful to you for your Golden Medical Discovery. I have written to Dr. Plummer to let him know my feelings."

## SCHMIDT STANDS WINNER BY NINE

**Recanvass of San Leandro  
Votes Brings no Solace to  
Toffelmier.**

SAN LEANDRO, June 20.—Trustee Fred Schmidt was given a majority of nine votes over former Trustee L. J. Toffelmier as a result of the re-canvass of the votes cast in the April municipal election, the recount having been ordered by Superior Judge Waste as the result of a contest filed by Toffelmier, who alleges that votes had been thrown out illegally. The re-canvass was held this morning in the presence of the Board of Town Trustees, and each ballot was inspected by attorneys for the contestant. It was found that a number of votes had been rejected which should not have been. This was due to the carelessness of the election board. It is likely that the fight for the re-appointment of former City Marshal and Tax Collector Gessenhorn will now be taken into the superior court, following the failure of Trustee Toffelmier to get a seat on the board of trustees.

## PREDICTS DEATH OF POLICE CHIEF

**Ben Reitman, Says San Diego  
Peace Officer's Days Are  
Numbered.**

SPOKANE, Wash., June 20.—Ben Reitman, anarchist who recently was expelled from San Diego and given a coat of tar and sagebrush, declared today that Chief of Police Wilson of San Diego would be assassinated. "As John Sullivan, late chief of police of Spokane, died with a bullet in his heart," he said, "so will Chief 'Ken' Wilson of the San Diego department meet his fate. In the free speech fight in Spokane, Sullivan was killed by a bullet in the back of the head. One of these sought revenge and Sullivan paid the penalty. It will be so in San Diego where hundreds of Industrial Workers have been beaten and cast into jail. Chief Sullivan was killed in January, 1911, by a shot fired through the window of his home as he sat reading. No trace of the assassin has been found."

## WOMAN SEARCHES WEALTHY PARENTS

**Clairvoyant Tells Her She Was  
Kidnaped When  
Infant.**

SHARON, Pa., June 20.—Believing that she was kidnaped thirty-five years ago, and bending every effort to learn the truth, Sarah Prindle Mattingly, a stenographer of Cleveland, O., is in Sharon continuing investigations which have extended over several years, but to which she has recently devoted her entire time.

The woman is searching through all records and newspaper files available in Sharon and Mercer counties, but as yet has been unable to uncover any tangible clue. She believes her parents are alive and that they are wealthy and influential. Mrs. Mattingly has been a resident of Cleveland since she was ten years old. She has been married and divorced.

Some years ago, according to her story, she went to a clairvoyant, told her that her father was a Cleveland business man and wealthy. She had been brought up by a family named Prindle in Sharon, and discovered later that they had adopted her. She searched the records in Mercer county and found that Joseph C. Bailey was her father's name. She declared Bailey told her that two men had been paid to steal her and that her real parents were rich and live in Cleveland. Bailey died in the poorhouse in 1904.

According to the older residents of Sharon who are familiar with the case, Mrs. Mattingly unquestionably is the daughter of Bailey, who gave the child to William Prindle and wife shortly after the death of their own child.

Her Own Statement.**

Covington, Mo.—"Your medicine has done me more good than all the doctors' medicines. At every monthly period I had to stay in bed four days because of hemorrhages, and my back was so weak I could hardly walk. I have been taking Lydia E. Pinkham's Vegetable Compound and now I can stay up and do my work. I think it is the best medicine on earth for women."

—Mrs. JENNIE GREEN, Covington, Mo.

**How Mrs. Cline Avoided  
Operation.**

Brownville, Ind.—"I can say that Lydia E. Pinkham's Vegetable Compound has done me more good than anything else. One doctor said I must be operated upon for a serious female trouble and that nothing could help me but an operation.

"I had hemorrhages and at times could not get any medicine to stop them. I got in such a weak condition that I would have died if I had not got relief soon.

"Several women who had taken your Compound, told me to try it and I did and found it to be the right medicine to build up the system and overcome female troubles.

"I am now in great deal better health than I ever expected to be, so I think I ought to thank you for it."—Mrs. O. M. Cline, S. Main St., Brownville, Ind.

## STATE PRINTER REDUCES COST OF SCHOOL BOOKS

**F. W. Richardson, After 27 Per Cent Cut,  
Promises Further Reduction**

SACRAMENTO, June 20.—The average reduction made by State Printer Friend William Richardson in the cost of manufacturing school books during the six months he held office is 27 per cent. This is only a starter, Richardson told the State Board of Education, as he proposes to make more changes and improvements, which will still further reduce the cost of printing. The reduction in cost applies to all state printing, and the manufacture of school books comprises only about one-third the average volume of business in the state office.

## Four Killed, Two Wounded In a Family Feud Battle

SHERMAN, Tex., June 20.—In a feud between the Sharp and Waldrop families at Sperry's ranch near here this afternoon, four persons were killed and two wounded. Before she was slain Miss Georgia Sharp killed one man, and the wounded another. The battle began when the Sharp family, consisting of Miss Georgia Sharp, her father, L. W. Sharp and her brother Walter, passed the home of the Waldrops. Apparently both sides began firing simultaneously. Henry Waldrop killed Walter Sharp and his father. As they fell Miss Georgia Sharp seized her father's smoking magazine rifle and took up the battle. She killed Russ Waldrop, the son of the slain man. The ground Henry Waldrop returned the fire and shot Miss Sharp. She died almost instantly. Today's battle was the culmination of a long standing dispute between the two families.

## Evelyn Thaw Seeks to Keep Husband in Insane Asylum

WHITE PLAINS, N. Y., June 20.—Evelyn Nesbit Thaw, wife of Harry K. Thaw, took the stand again today to testify against her husband in his action to secure his release from the insane asylum.

Evelyn Thaw was followed on the stand by Miss Susan Merritt, who rented apartments in New York to Thaw. She had been sought for days by the state. Miss Merritt became hysterical and screamed that she did not wish to testify. She testified that on one occasion Thaw beat two young girls almost into insensibility and when she broke into the room he rushed at her. Miss Merritt said that Thaw had \$7000 in \$100 bills was paid to one of the girls to silence her. Other girls had received large amounts. There were upward of 200 girls in all who received money in large amounts, she said.

## COFFIN FLOATING ON SEA SIGHTED BY LINER

NEW YORK, June 20.—The new Russian-American line steamship Casar, which arrived here from Libau, by way of Copenhagen, reported that on Thursday she passed close to a floating coffin, containing the body of an adult person. One side of the coffin had been broken. It had apparently been a long time in the water. Her appearance on the ocean caused speculation among the passengers and officers of the vessel.

Bodies buried at sea are usually heavily weighted to insure sinking.

## DOG OWNER HAS HIS TROUBLES

**Al Wood Kept Busy Keeping  
Pedigreed Canine Out of  
Law's Clutches.**

Al Wood (everybody knows Al) likes a nice dog. Who doesn't? Al is the proud possessor of one of the finest bull dogs on this coast. His dog's name is Mike. Mike is the winner of many first prizes at dog shows. He is a pedigreed dog and Al values him very highly.

Al, as a law-abiding citizen, paid the city license, bought a new collar, fastened the license on the collar and put the collar on Mike. The official number of the license is 2379.

Now that was all right as far as it went but when the hydrophobia scare started another law was passed compelling the owner of every canine to put a muzzle on him (the dog). So Al, being a law-abiding man, got a nice muzzle for Mike, not an ordinary muzzle such as is worn by common curs, but a fine, fancy, made-to-order muzzle costing a dollar and a quarter.

He put the muzzle on Mike and some of his friends thought it was a joke and fastened it on securely.

Now Mike has to eat and he can't eat comfortably when handicapped by a muzzle, so Al took the muzzle off to feed him and neglected to put it on again.

The dog-catcher came along and seeing Mike without a muzzle, in violation of the law, promptly arrested Mike and "run him in."

Al has bailed him out and Mike is again a free dog but seriously handicapped with a muzzle.

## FISH GET 'JAGS' FROM CARBONIC ACID GAS

MEMPHIS, Tenn., June 22.—Proving that a fish cannot stand a jag on carbonic acid gas, Superintendent E. E. Reimeyer has finally discovered why he has not been able to make members of the fish club live in the indoor aquarium at the Overturn park zoo.

The solution of the mystery has solved a problem which has bothered Reimeyer and experts all over the country for about a year. From the time the aquariums were built and the first fish put in, there was a hoodoo somewhere that seemed impossible to account for. Some of the fish could live in the aquariums a week without showing signs of failing. Then they would act groggy, finally spin around a few times, float grub-hopper-up to the top and die.

Aquarium experts in all parts of the world were communicated with. Each offered advice of some sort, but each time the result was the same. The fish would die.

Finally it was decided to have a well-known expert in New York make an analysis of the water. His report two weeks ago declared that the only trouble is that the water contains too much carbonic acid gas. He advised Mr. Reimeyer to spray the water into the aquariums and permit the air to drive off the gas.

The new experiments begun the day the letter was received and after applying the test to every kind of fish he could lay hands on, Mr. Reimeyer pronounced the plan a success. The aquariums are all alive and kicking now, and it will soon be one of the best features of the zoo.

ST. LOUIS, June 17.—At the cost of one human life, 17 silver fox pelts were brought from Alaska to St. Louis and sold Tuesday by Captain O. B. Anderson to Funsten Brothers & Co., furriers. The value of these 17 hides is about \$6000. Captain Anderson for the past 20 years has lived alone on a small island named Usak, off the southwest coast of Alaska. Last year he became weary of raising silver foxes all alone, so employed a native boy as companion and assistant. The last trapping season, when the 17 silver foxes were caught, the native left the cabin one morning to inspect the traps. The Alaskan never returned from this trip.

Life is very hazardous for silver foxes on the main island of 12 square miles of rugged rocks on which the Captain has been breeding the animals. Eight years ago the hermit happened to determine to stock his isolated home with blue foxes instead of the silver ones. He killed, so he thought, every silver fox on his island, and stocked it with 40 blue foxes. But one pair of baby silver foxes escaped slaughter, and these a year later killed every blue fox on the island. So the Captain reverted to breeding silver foxes again.

Captain Anderson is 65 years old. From St. Louis he will journey to Goltzenberg, Sweden where he intends to spend the rest of his days with an only daughter. A native Alaskan will in the future conduct the fox ranch.

## AGED EMPLOYEE TO RECEIVE PENSION

**John A. Wilds, City Hall Jani-  
tor, Worked for Oakland  
for 33 Years.**

The first retirement of a superannuated employee of the City of Oakland under the provisions of the new charter providing for pensioning off employees will be that of John A. Wilds, who has been janitor of the city hall for 33 years.

Wilds applied to the council to be retired on a pension this morning and the application met with favorable action from the council, being referred to the civil service commission with a recommendation that the board permit the retirement.

Wilds has been one of the familiar figures about the old city hall for many years. He had hoped to go to the new building as head janitor, but a slight accident a few weeks ago resulted in an illness that decided him to retire. Wilds' application follows:

"I hereby make application to be retired July 1, 1912. According to Section 33 of the Charter of the City of Oakland, I am entitled to be retired on a pension for the remainder of my life. I was employed by the City of Oakland in 1879 and I have reached the age of 68 years, having been employed 33 years.

" Hoping that this application will meet with your favorable consideration, I remain

"Your humble servant,  
"JOHN A. WILDS,  
"City Hall Janitor."

## HONOR STUDENTS AT ST. MARY'S

**Football and Baseball Heroes  
Given Trophies, and  
Officers Elected.**

Officers of the athletic association of St. Mary's college were elected at the annual meeting held yesterday morning, when Thomas Horan of Vallejo was chosen president without opposition. He has been identified with student activities for the past four years, and was the second pitcher on the 1912 Phoenix as well as a member of the varsity track team. He is a junior in the college department.

The officers-elect are: Vice-president Thomas Lennan; secretary, Bart J. Hardiman; treasurer, Edward Mudge; yell leaders, Fred O'Dea and Val Fleming.

In addition to the elections the meeting witnessed the awarding of black sweaters to the members of the basketball and track teams who competed in the annual intercollegiate contests with Santa Clara. The men who comprised this year's victorious football and basketball teams were presented with gold watch fobs commemorative of their triumph.

The current issue of the Kappa Gamma, the publication of the debating society of St. Mary's college, was distributed yesterday throughout the corridors of that institution. The magazine contains contributions written by the gifted students of the Academic department of the college. Walter Sweeney, Edward Roberts and Paul Zimmerman are the authors of stories which appear in the edition. "The Unattainable," a story in the edition, "The Unattainable," a specimen of light verse, was the work of Donald A. Wood.

## Rowdy Manners at Chicago.

The behavior and utterances of the California delegation have not aided Roosevelt nor added to the prestige of this State. Blackguardism and frontier hoodlumism naturally inspire disgust in the minds of men of reflection and breeding. Francis J. Heney has made himself conspicuous by his "bad-man-from-Arizona" tactics, his swagger and bluster, his bullying demeanor and his constant violation of every canon of propriety. That is Heney's way, however. It is impossible to make a silk purse of a sow's ear. Heney has the manners and intelligence of a wharf-rat, and seems to glory in advertising the fact. Frank B. Kellogg, who is one of the ablest and most astute of Roosevelt's supporters, plainly told the Roosevelt managers that Heney was hurting the progressive fight.

"He simply stirs up trouble," said Kellogg, "and acts as a firebrand on every occasion. We have a chance to win this fight and ought not to throw it aside by letting him speak."

And that is the cold truth. Heney tries to intimidate by insulting and browbeating. He has done nothing since he reached Chicago but hurl epithets and insults right and left. He has conducted himself in a shameful manner. The pity of it is that he is accredited to California. It is to be hoped that he will not be accepted as a fair representative of California manners.

Governor Johnson has earned no credit by the way he has acted and what he has said at Chicago, but he is far behind Heney in playing the blustering bully. Neither has helped Roosevelt by the railing and denunciation they have indulged in, but they have managed to give California a bad name by behaving in an unbecoming manner on every occasion for a display of contempt for the proprieties.

Nothing better was to be expected of Heney, but it is disappointing to find Governor Johnson aping and following Heney in making a holy show of himself. Heney is a Democrat who has been repudiated by his own party, but presumes to instruct Republicans as to the principles of their party and the way in which they should transact their business. He cannot rise above his instincts, which make him more at home in an Arizona barroom than in an assemblage of decent men. Governor Johnson does not belong in his class and we regret that he is aiding him in his role of unseemly disturber in a Republican convention. Political association with Heney seems to have weakened his sense of self-respect.

No sensible person would pick out to manage a large business a man who has made a failure in every enterprise he engaged in. The government of Oakland is a large business enterprise. Shall we continue to intrust it to a man who has successfully managed in the past or put it in the hands of a man who has a long record of business failures behind him? Is this a time to exchange success for failure? Think it over, voters of Oakland.

Doubtless Governor Hadley, who is from Missouri, is pleased to be shown how to do politics. He is getting a liberal education in that line. Incidentally, he has been shown the futility of bolting.

## Urban Growth on the East Shore.

The extraordinary increase in wealth, population and manufacturing of the cities on the eastern shore of the bay since 1880 explains the frantic eagerness of San Francisco to annex them. Development of port facilities on this side of the bay has aroused jealousy and apprehension. The decline of manufacturing in San Francisco has given a portentous aspect to the tremendous growth of manufacturing in Oakland, Berkeley, Alameda and Richmond. San Francisco is trying to reclaim by annexation what has slipped away from her for one reason or another—lack of facilities, labor troubles and bad government.

Between 1880 and 1890 the population of the eastern shore cities increased 60.9 per cent, as shown by the Federal census. The population of San Francisco increased 27.8 per cent. Richmond was not then in existence.

Between 1890 and 1900 Oakland, Berkeley and Alameda, taken as a group, increased their population by 49.5 per cent. The increase in San Francisco was 14.6 per cent.

The census figures for 1910 are still more astounding by comparison. Since their publication San Francisco has been frantically trying to annex the cities of the Alameda shore. The increase in population for the eastern shore cities, Richmond included, was 129.6 per cent. For San Francisco the increase was 21.5 per cent. Oakland more than doubled her population, the figures for 1910 being 150,174 against 66,960 in 1900. Berkeley tripled the number of her inhabitants. For the thirty years the increase of the east bay cities was 80 per cent and of San Francisco 21.3 per cent.

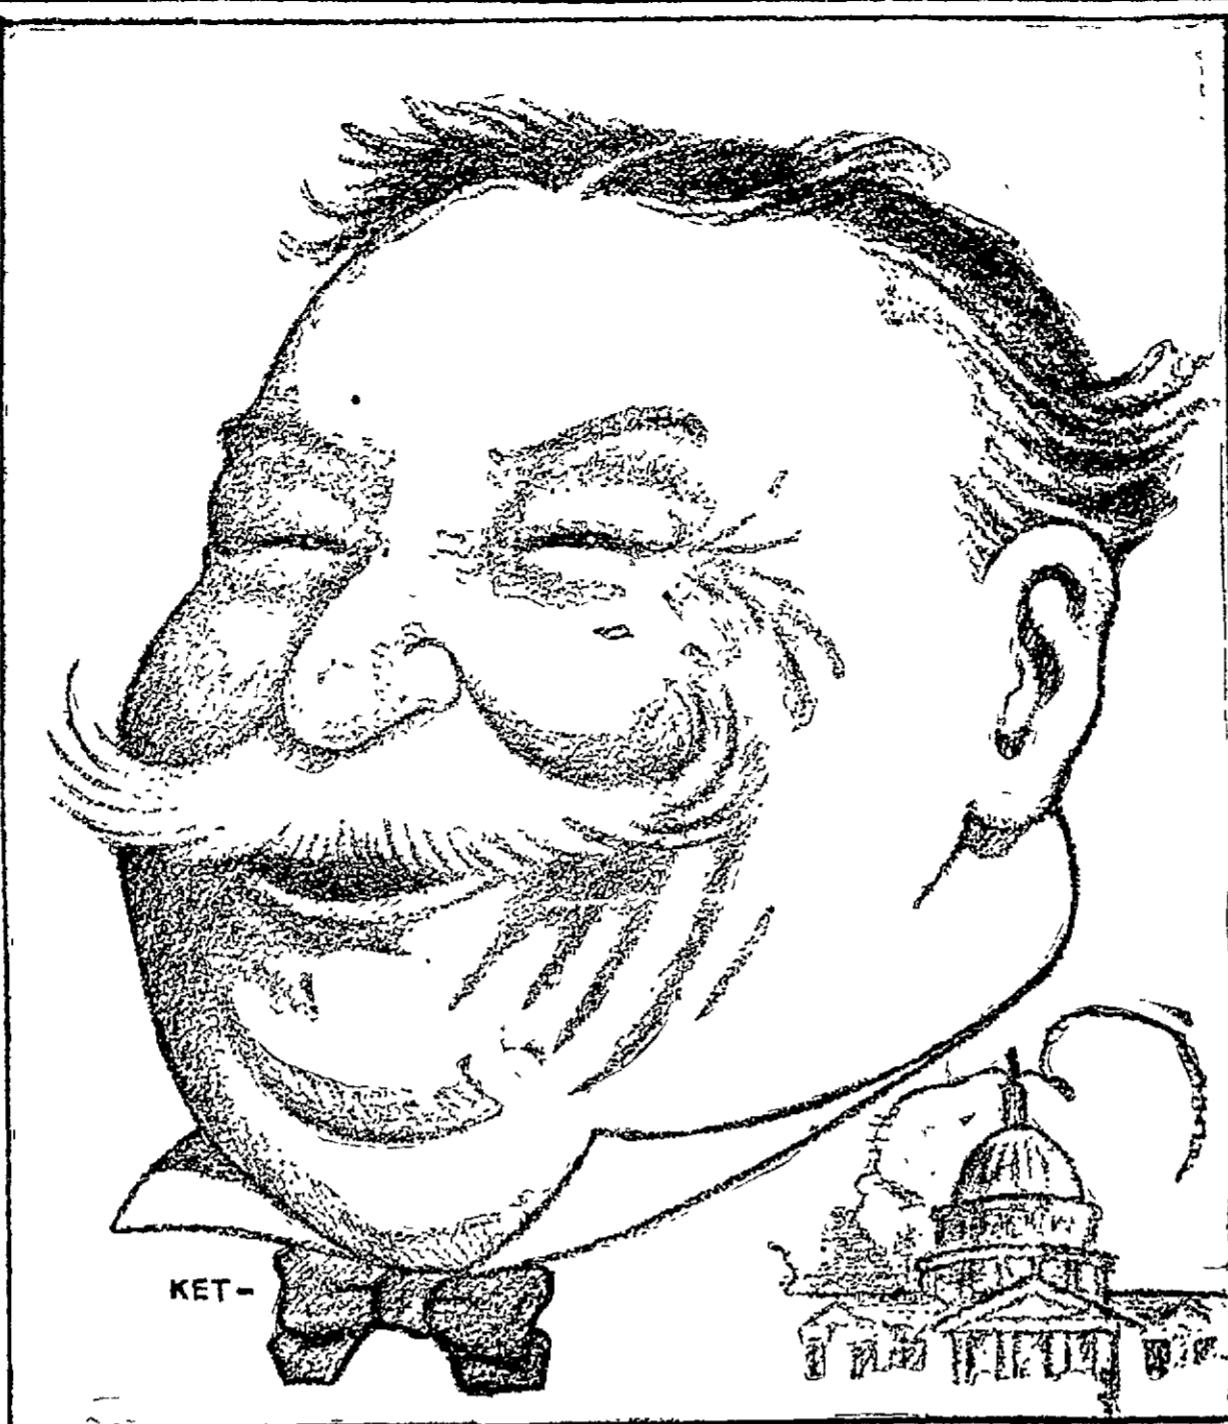

The comparative increase in manufacturing is still more significant. In the five years between 1904 and 1909 the manufacturing industries of the eastern shore cities increased by 130 per cent. During the same period the increase of manufacturing in San Francisco was only 81 per cent. In these figures will be found the explanation of the efforts recently made by the financial interests in San Francisco to force manufacturing concerns which came to this side of the bay after the fire to return to the peninsula. The growth on the Alameda shore had begun to be alarming.

In 1910 Oakland contained more inhabitants than the entire county of Alameda contained in 1900. The growth of her trade and manufacturing was even more remarkable. During the same period there was a marked decline in the volume of manufacturing in San Francisco.

Senator Dixon can now say that he is as competent to lose a fight as Ross Flinn.

Senator Bradley of Kentucky, whom Heney interrupted with his blarney when he arose to second Root's nomination, said Heney was not as good a man as Abe Ruef. He did not pay a compliment to Ruef at that.

## Abolition of the Court of Commerce.

Apparently Congress thought the Commerce Court might as well be abolished since the Supreme Court reversed all its decisions. It will give the public generally satisfaction to see Judge Archbald stripped of his toga, but the wisdom of abolishing the court to get rid of one undesirable judge is not clear. The Commerce Court was created primarily to pass upon the legality of the rulings of the Interstate Commerce Commission, but unfortunately it has assumed to pass upon facts as well as the law and thus has been in conflict with the Commission almost from the beginning. It has been an unpopular tribunal from the start, and the scandal caused by Judge Archbald's queer coal deals has caused the court to fall into still greater disfavor. The President is still confident that the court can be made to serve a useful purpose, but the public dissatisfaction with its personnel has prompted Congress to abolish it. In justification of its act Congress can point to the overruling by the Supreme Court of the first three important decisions rendered by the Commerce Court. In each of these cases the Commerce Court had annulled rulings of the Interstate Commerce Commission relative to freight rates at the instance of the railroads. It was charged that the Commerce Court was stretching its judicial authority to interfere with the work of the Interstate Commerce Commission, and the successive reversals by the Supreme Court tend to confirm the charge. Had the Commerce Court been sustained the Interstate Commerce Commission would have been shorn of a large part of its powers.

While their fellow citizens are standing around the bulletin boards anxious to hear the news from Chicago, the wise ones are picking up bargains in real estate. There are plenty of them lying around, but the bulletin-board watchers never see them. Some of them are too busy saving the country to comb their hair. They are hoping to be placed above the necessity of working for a living by act of Congress, and are therefore so engrossed in politics that they wouldn't know a real estate bargain if it ran over them. No matter what your politics are you can't make a mistake if you buy in Oakland.

When he described the muck-raker of the American press, Roosevelt quoted from the Pilgrim's Progress. In the light of recent events he can study the lesson of John Bunyan's allegory with a broader understanding of its application, and, possibly, in a more chastened spirit.

Many an ambitious man has mistaken the buzzing in his ears for the boom of popular acclaim.

## GREEK THEATER AT BERKELEY AND WHAT IT STANDS FOR

O modern emblem of the art that never dies—  
The art dramatic clad in histrionic guise,  
Whereby the historic shames and shares alike with men,  
Quickened and quickening, as the harvest comes again,  
Of thought and deed and wisdom for the art which gives  
Not to the time that dies but for the age that lives.  
Majestic in its dignity of stone and lime  
And massive aisles, thou wouldst us weave the echoing rhyme  
Of love and hate and destiny, evolved sublime  
By genius fructifying that which is by what has been;  
Truth unto truth—the thoughts, the words, the men—  
The stone and lime of character all art would build again.  
Within the ancient saw  
Prometheus chained to Caucasus—the forethought in law  
That would be constrained against itself to bow;  
Then Sophocles took up the tale, thinking to sow  
What Aeschylus had reaped, and gave Antigone  
A piece among the martyrs the all of history.  
And now the record of that monstrous law in life  
By these stands emblemized—the law that's ever rife  
In what matures the liberty of thought in man,  
To make him, what he ought to be, not born in vain.  
J. M. HARPER, Quebec.

## COMPOUND INTEREST ROBBERY

There are but seven states in which there is no statute against usury. Ours is one. We ought to be proud of her associations. Probably the loan shark—the sort which preys on the poor and needy—is the meanest object on top of earth. Beside him the burglar is a gentleman, and a skunk smells sweet. This week a fireman here in town had to go through bankruptcy in order to escape from the jaws of one of these sharks. The poor chap borrowed \$10.50 about nine years ago and has been paying installments of the principal and interest ever since, and is now forced to become bankrupt to escape a judgment for \$250 and costs and an attachment upon his wages.

And no wonder—for the note called for 5 per cent per month, compounded. At that rate \$10 becomes something like \$2580 in ten years! And yet we send just plain thieves to the penitentiary. There ought to be an open season for loan sharks and a bounty of not less than \$100 for each scalp.—Stockton Mail.

## JOSEPH EPPINGER DIES IN NEW YORK

Well-Known San Francisco Business Man Succumbs to Operation.

SAN FRANCISCO, June 20.—Joseph L. Eppinger, one of San Francisco's best known business men and a native son of California, is dead. He passed away in New York city yesterday after an operation for appendicitis. His wife, Mrs. Ella Eppinger, who had accompanied him on a business trip, was at his bedside when he passed away. Telegraphic notices to his friends in this city, sent by Mrs. Eppinger telling of her husband's death, came as a great shock, for when Eppinger left this city he was the picture of health.

"Joe" Eppinger, as he was known to hundreds of close friends, was 43 years of age and was born in Shingle Springs, El Dorado county, California. He was a graduate of the San Francisco public schools and married Miss Ella Galabury. Besides his widow, one sister and three brothers survive him. They are Mrs. T. O. Ferguson, Maurice Eppinger, L. P. Eppinger and Herman Eppinger Jr., of Oakland.

For the last five years Eppinger was in charge of the San Francisco office of Q. & N. Nichols & Co., of New York, having previously been associated with his father, the late Jacob Eppinger, a grain merchant.

A man of an exceptionally lovable nature and a singer of unusual ability, Eppinger had a host of friends. He was never known to refuse aid or charity to any one. He and his wife were devoted to each other. It is believed that his death will be brought back to San Francisco by Mrs. Eppinger for interment.

## HOME OF STATE CAPITOL BLAZES

Carless Tourist Starts Fire by Tossing Cigarette into Old Straw Hat.

SACRAMENTO, June 20.—The dome of the State Capitol was on fire for twenty minutes yesterday. The fire did not assume serious proportions, being caused by a tourist tossing from the dome a lighted cigar or cigarette, which fell into an old straw hat in the women's covered ledge encircling the base of the dome.

The ledge was covered with an accumulation of dead leaves of the electric light system, providing fuel and making clouds of smoke curl up over the dome. This caused a flurry of excitement among the Capitol officials and brought a great crowd of spectators to Capitol Park.

The curling smoke was noticed at 2 o'clock by Watchman Lynch from the grounds. He notified Captain C. J. McLaughlin, fire chief, and a number of volunteers, among them were Dr. J. H. McLaughlin, Chief Electrician, and two members of the Board of Supervisors, hastily climbed the circular staircase to the dome surrounding the dome.

By means of a rope, electrician Sutton was lowered thirty feet to the ledge. He found some difficulty in starting his descent, but after a few moments he was safely lowered by means of a longer rope. A bucket of water was hoisted up and Sutton had Sutton extinguished the fire.

As a result of the fire Capitol Superintendent McLaughlin says that "no smoke" will be seen from the dome.

The fire was caused by a tourist who tossed a cigarette into an old straw hat in the women's covered ledge encircling the base of the dome.

## STARVING CHINESE CAUGHT IN HIDING

Too Exhausted to Give Fight; Tell Story of Privation.

SAN DIEGO, June 20.—Four contraband Chinese, ragged, barefooted and starved, were captured hiding in the brush one mile west of La Mesa early last evening. The capture was made by Inspector Harry C. Weddle, assisted by Ralph Conklin, C. L. Keep, M. L. Chaffin and Guy T. Jones.

The Chinese were too weak to offer resistance. They gave their names as Lee Sing Low, Wong How, Lee Louis and Lem Sing.

Through an interpreter the men told a story of privation and suffering during the 18 days they were making their way across the barren wastes of Lower California, finally reaching the border at daylight and remaining in hiding until they found opportunity to get across the line, and on their way toward the Chinese colony in San Diego. The Chinese saw the government officers approaching in an auto and attempted to hide.

A small package of crackers was the only food the Chinese had when captured. They were also short of money, only a few dollars being found in their possession.

## S. P. MAKES READY TO FIGHT CAUSE

Who Will Be Witnesses in Government Action Is Worrying Many.

SAN FRANCISCO, June 20.—United States Attorney A. J. McCormick of Los Angeles arrived in San Francisco yesterday to confer with Willis N. Miles, special assistant to United States Attorney General Wickham relative to the government's case against the Southern Pacific railroad to recover title to 100 acres in the Elk Hills country, Kern county, valued at \$15,000,000.

Throughout the day the representatives of the government were in close conference with the railroad officials, who have not at appearing in the case. Just who these prospective witnesses are is a secret that is being carefully guarded by the government officials, but it is certain that some big surprises are imminent.

Disclosures by Charles W. Eberlein, former acting land agent of the Southern Pacific, and George Stone, his assistant when the two were called as witnesses at the opening of the case in Los Angeles, have opened up new lines of investigation, and it is expected that as a result many witnesses, as yet unknown in the case, are to be subpoenaed by the government in the trial is resumed in this city July 1.

## WHO ARE WITNESSES?

Who are these prospective witnesses? That question is interesting many officials of the Southern Pacific who have so far succeeded in keeping out of the case begun by the government to set aside land patents which the government contends were obtained by reason of fraudulent affidavits as to the character of the land involved.

Already it has become apparent that the government will make a determined effort to gain access to the books of the Southern Pacific company, which have been taken over by the Kern Trading and Oil company, which has taken over the Kern Trading and Oil company of all the oil lands of the Kern Trading and Oil company, and the Kern Trading and Oil company of all the oil lands of the Kern Trading and Oil company.

When C. H. Markham, as vice-president of the Southern Pacific company and president of the Kern Trading and Oil company, directed Eberlein to execute a lease from the Pacific coast railroad company to the Kern Trading and Oil company of all the oil lands of the Kern Trading and Oil company, and the Kern Trading and Oil company of all the oil lands of the Kern Trading and Oil company.

CONFERENCE CONTINUED. Miles and McCormick continued their conference yesterday and decided on various lines of work to be followed by them before the trial is resumed on Monday. They have gone very carefully over the evidence already introduced in the case, and have decided to have sufficient other testimony ready for presentation as soon as the railroad company consents to a cross examination of Eberlein, so that they will have their case fully before the court as to the methods by which the railroad officials are acquiring title to the Elk Hills lands.

The present suit is of very much greater importance than appears on the surface. While it nominally involves \$100 acres in the Elk Hills country, it actually involves the government's claim to the entire 115,000 acres of oil lands in this state.

Instead of involving lands worth \$15,000,000 the present suit actually involves lands worth approximately a half billion dollars.

## GIRL 'BELL HOPS' IN WOMEN'S HOTEL

McAlpin Building in New York  
Will Devote One Floor  
to Them.

NEW YORK, June 20.—One of the novel features in the new Hotel McAlpin, now nearing completion in Herald square, will be an entire floor for the exclusive use of women. Because of the size of the hotel, which it is said will be the largest in the world, the proposed women's department will be virtually a hotel within a hotel. The idea of a separate hotel for women was decided upon recently by the directors of the McAlpin, acting upon suggestion received from members of several women's organizations. The details of equipment and management are yet to be worked out, but it is the wish of the directors to make the department most attractive for women.

**ALL SERVICE BY WOMEN.**  
The directors have agreed to set aside the entire fourth floor for women and to have everything in the way of service performed by women. There will be from 50 to 60 rooms, single and in suites, with a bath for each. There also will be a large dining room and music by an orchestra of women, led by a woman. ## HIGH SCHOOL BOY PLAYS HOOKEY FOR 9 MONTHS

ELGIN, Ill., June 20.—Earl Midgley, who was believed by his parents to be a member of the senior class at the high school here, is given credit as the champion "hookey" player. Although he remained away from school nine months, the deception has just become known. The class is soon to be graduated and when Earl's name did not appear in the list his parents inquired why. He said he lacked one credit. Appeal to the school board revealed his truancy record. His parents first suspected something wrong on Sunday when the boy complained of being ill and asked to be excused from attending the baccalaureate sermon.

## BOY SAVES 20 GIRLS; LOSES HIS OWN LIFE

DIXON, Ill., June 20.—Warren Lally, member of the junior class and star baseball player of the Dixon high school, was drowned and four boys who were in a launch with him narrowly escaped the same fate when their craft was carried over the dam across Rock river last night.

The boys had just succeeded in preventing a launch with 20 high school girls aboard from being washed over the dam.

When it comes to changing brands and roping maverick delegates it must be admitted that Canyon Toll is the slickest hustler on the political range.

## GET THIS GOAT; GOAT GETS THEM

Police Rammed by Belligerent  
Animal They Take as  
Straying Property.

tives of the Maxwell-street station got somebody's goat the other night. The animal was found at the rear of the home of Patrick Ryan, 1058 West Fifteenth street. It apparently did not like the appearance of Detectives William Eussian and Henry Thieme, as it attacked them when the men attempted to lead it away.

Neighbors saw the detectives struggling with the animal and sent in a telephone call to the station that two men were being killed by a wild animal. When a patrol wagon filled with policemen arrived at the scene the detectives had subdued the goat.

## BUTTS POLICE IN PATROL.

Those who rode in the wagon declared that the animal's actions were extremely goatlike. The animal insisted in using a goat's prerogative—busting with its horns—and the trip to the station was more than distasteful to the policemen.

It is charged that the animal was stolen from the home of George Barles, 1025 Washburn avenue, several days ago. When the detectives insisted that Ryan might have stolen the goat, Ryan removed a rope from the goat's neck and the animal lost no time in showing his abhorrence of policemen.

**THEFT OF GOAT DENIED.**  
Ryan afterward made it clear that

he did not steal the goat by proving that it wandered into the back yard of his home without any solicitation on Ryan's part.

After the goat had been taken to the station its actions were such as to make the policemen drowsy of getting rid of it. Barles was notified and went to the station. The goat recognized its rightful owner and Barles had no trouble in leading it away.

## MARRIES AFTER A MILE FLIGHT FROM CHURCH

PASSAIC, N. J., June 20.—To escape marriage Joseph Karoskiwick fled from his bride as they were entering St. Joseph's Polish Catholic church, led Constable Van Wagoner a mile chase through crowded streets, dodging bullets and gave up only when he fell exhausted. Then, handcuffed, he was taken back to the church where the bridal party waited.

"Do you take this woman, Mary Watos, to be your lawful wedded wife?" asked the Rev. Father Wras-out of the runaway bridegroom. "I do," he replied.

"Will you love, cherish and obey her?" "I will."

After placing the ring on his wife's finger he kissed her and they left the church, a happy, loving pair.

Earlier in the day Karoskiwick was arrested on complaint of the girl. Justice of the Peace Weinberg told him to choose between jail and wedding. Karoskiwick was reluctant. He deliberated nearly two hours before he decided to marry.

Accompanied by half a dozen friends and a constable, who went to see that the order was obeyed, the pair went to the church.

## PREACHER STUDENT DUCKED IN LAKE

Seized at Girl's Home Because  
He Wouldn't Parade  
in Night Gown.

WAYNESBURG, Pa., June 20.—Frank Weaver, a preacher with a local charge and a student at Waynesburg college, was ducked in the lake in College Park last night before a crowd for refusing to take part in the annual nightshirt parade of the college students.

Weaver was spending the evening with a young woman, when the nightshirt students, to the number of 150, appeared at the house. With drums beating and hundreds of residents along the route of parade, Weaver was marched forcibly to the lake and ducked.

After the ducking Weaver scampored across the campus, wet clothing clinging to him. He was confined in bed today by a cold.

## FOOT CAUGHT IN FROG MAN PULLS OFF TOE

WABASH, Ind., June 20.—Frank Oswald of Wabash, an interurban conductor, sacrificed the great toe on his right foot to save his life near here today.

He had thrown a switch and was crossing the track when his foot caught in a frog. The car was backing towards him and he was unable to make the motor-man hear his cries.

Unable to extricate his foot, he exerted all his strength in his attempt to release himself, and by almost superhuman effort freed his foot, but his great toe was left in the wedge between the rails.

**HEALTHY MOTHERS.**

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant those fibres and muscles which nature is expanding, and soothes the inflammation of breast glands. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. **WEDDINGS TAKE PLACE.**

The wedding of Miss M. L. Stansfield and Leonard Brown was solemnized in the First Presbyterian church last night against a background of feathery greens and Shasta daisies. The bridegroom was very becoming and a draped cap of lace was worn instead of the usual veil.

Rev. H. J. Winsor, uncle of the bridegroom, read the marriage service before 400 assembled friends. The Lohengrin wedding chorus was sung with Miss Mary Anderson and Herbert Men as soloists. The guests of the bridal party were in shades of pink and green and were most effective. Both young people are well known socially. Brown is a graduate of the law department of the University of Michigan. The bride is a graduate of the College of the Pacific.

The Williams-Hatfield marriage, just night came off brilliantly. Especially beautiful were the gowns of the guests, and wedding attendants. The latter wore white lingerie dresses made over pink satin of a delicate shell color. They were fastened with the high waist line, and made with broad ruffs of pink satin about the sleeves and bottom of the skirts, giving a quaint effect. The wedding robe was of white satin, combined with old lace and was made with a high waist line, while aprons of orange blossoms were worn on the bodice and the skirt was made with the court train. The veil was worn by Mrs. Williams at her own marriage. It was confined in place by a wreath of orange blossoms. The floral effects obtained by hundreds of Canterbury bells and roses, together with hydrangeas. Some magnificent gowns were worn by society folk present.

Postman and Lieutenant Charles Sherman Port came off last night a fine reception at Mr. and Mrs. Samuel Portman and was elaborate in every detail. The bridegroom was very lovely, being made on a foundation of white charmeuse and fastened after a Parisian manner, and was more embellished with the white and pink.

The Portmans are among the pioneer families of the state, and many prominent folk witnessed the wedding.

Miss Loretta Knapp and Lee J. Mc-

Carthy were married yesterday morning in St. Anthony's church, which was adorned in white and green. Rev. Peter C. York officiating. The bride wore a gray traveling dress with a blue plaid hat. Miss Nellie Peters, gown in blue, attended her, and William H. Torrey, a college friend of McCarthy, acted as best man. The bride is a daughter of Mr. and Mrs. H. S. Knapp of East Oakland, and is a graduate of Oakland High School, later attending the state university. McCarthy is a graduate of St. Mary's College with the class of 1906.

## WOMEN IN THE NEWS

## BEAUTIFUL WOMAN OF MYSTERY IS VICTIM OF SUICIDE

## Divorcee Takes Poison in Reno; Husband and History Sought

**R**ENO, June 20.—Following the filing of a suit for divorce by Mrs. Bertha Manhart against Elmer L. Manhart, Saturday afternoon, the young woman, who is extremely beautiful, went to her apartments and took tablets containing bichloride of mercury.

She was taken to the hospital in a serious condition after lingering between life and death for a number of days died Tuesday evening.

Considerable mystery is attached to the identity of the woman. Her attorney says he has no information about her other than what she gave when she consulted him about the divorce. That she has a daughter and that she came to Reno from Salt Lake City has been established. The daughter has been staying with the mother in Chicago and is said to be on her way to Reno at this time to obtain possession of the estate of the dead woman, who had accounts in three Reno banks.

The autopsy has been held to determine the cause of death and the inquest will be held, when it is expected further light on the woman's past will be secured. The husband is either in Salt Lake City or Chicago.

## Search for Woman

SAN DIEGO, June 20.—A state wide search is on for Alice Sobie, who left San Diego at 3 o'clock Tuesday afternoon, the police say, after checking two trunks believed to contain jewelry and other stolen property conservatively valued at \$30,000. The loot is only a portion of diamonds, watches and other jewelry, estimated to be valued at \$40,000, which it is charged have been stolen from guests at the U. S. Grant Hotel during the last three months.

The Sobie woman is said to be the wife of Paul Sobie, until last Sunday a bellboy at the hotel. Sobie left Tuesday morning on the steamer "Herrard." His flight was caused, it is believed, by receipt of information from San Francisco by Charles E. Riese and Josephine Riese, who had been arrested there. Realizing that arrest was imminent and seeking to throw the officers off the track, Sobie left the plunder with the woman and started for San Pedro without any baggage.

Detectives Carse and Lopez were awaiting news from San Francisco announcing the arrest of Riese and his wife before taking Sobie and the woman with him into custody. This came yesterday afternoon in time to have Sobie stopped at San Pedro. It was first believed the woman was with him.

## VALUE OF PERSPIRATION

By LILLIAN RUSSELL  
(Copyright, 1912, Lillian Russell.)

**O**NLY a good, hard perspiration will thoroughly cleanse the skin. This condition is best obtained by hard exercise while clad in woolen underwear. After the skin is cleared and beautiful do not clothe it up again either by neglect or indulgence. Eat little pastry, positively no hot biscuit or griddle cakes. Eat much salad and green vegetables. It is so easy to get into bad habits and so easy to cure them if you have a real desire to do so. The first essential is the desire—and "desires are prayers." You and you alone have the power to cure yourself. I can only tell you what I have learned by years of experience and observation. You must do the judging and convicting of yourself. It's all within your own mind whether you wish to be healthy or unhealthy. Remember, all beauty and health is a condition of mind expressed.

## Answers to Queries

**H. R. W.**—Although vasoline is good for making the hair grow, it is disagreeable to use on account of it making the hair sticky. I do not think you wash your hair too often. A person should wash the hair about twice a month. If you will send me a stamped, addressed envelope I shall be glad to send you the formula for an excellent hair tonic, which will stimulate the growth, and also directions for scalp massage.

**MRS. L. B.**—Thank you so much for your kind words of appreciation. I am delighted to know that my little sermons have been such a help to you.

To prevent sunburn after being in the sun cover the face with cold cream as soon as you return to the house and allow it to remain fifteen to thirty minutes; wipe it off gently with absorbent cotton and powder with pure rice face powder. At bedtime wash with hot and then cold water and gently massage with cold cream or a flesh food.

If sunburned and smarting from the sting of it, there is a lotion to rub on that can stay on for one or more hours to remove the smart, and then wash off with a pure soap and tepid water.

The lotion is composed of thirty grams of powdered spermaceti, ten grams of borax, ten grams of benzoin, forty grams of powdered castile soap. Beat well, expose to the air until dried and then cover.

The following lotion is good for removing freckles. Rub well at night with elder flower ointment, one ounce; sulphate of zinc, twenty grains, which must be well rubbed into the skin. Before applying of this kind wash the face in warm water, doing it as retiring. In the morning wash this off and use a lotion composed of infusion of roses, one-half pint; citric acid, thirty grains.

**EDWARD M.**—Brushing is excellent for dry hair. Give your hair a good brushing each night before retiring. Scalp massage is also good. I shall be glad to send you a tonic for dry hair, also directions for scalp massage, if you will send me a stamped, addressed envelope.

**GEORGE**—I shall be glad to send you a dietary for gaining flesh if you will send me a stamped, addressed envelope. Olive oil is good for gaining flesh; also a glass of warm milk before retiring. Do not work up with too much rest as possible. Eat fat-making foods.

**VIOLET M.**—I do not believe in internal remedies for reducing flesh. Diet and plenty of strenuous exercise are the only things that will do it. You are still young and I think in a few years you will become thinner. I do not know anything whatever about the remedy.

## OAKLAND'S BOYS AND GIRLS

## 125 BOYS IN CAMP FOR TWO WEEKS' OUTING

With games, hiking expeditions, pajama parties, minstrel shows and athletic activities, the boys of the Young Men's Christian Association of this city are enjoying their outing in La Honda, where the lads have pitched their tents for a two weeks' sojourn. There are about 125 boys in the party, who are under leaders. The pastimes are under supervision and are regulated by the rules outlined by the association. The youngsters are given their freedom, but they are under certain laws, which were announced to them before they left this city, which are being carried out to the letter.

Two years ago T. S. Caldwell, boys' work director of the Association, led the first group of boys to the country and this year he was instrumental in arousing interest for a similar trip.

About seventy boys of the Young Men's Christian Association are camping near the Russian River.

Exhibitions of classical dancing have also been given by the gifted children, who have promised many interesting productions for the future.

## PHYSICIAN WINS RACE WITH YELLOWJACKETS

SAN RAFAEL, June 20.—San Rafael was furnished its daily quota of excitement yesterday by Dr. W. H. Dudley and yellowjackets who had nested in the underclothing he spread on the front lawn of his Alexander-avenue home to become sun-bleached. Incidentally, a new sprinter was added to the world.

After taking a shower bath the physician donned a bath robe and went to the lawn to procure his underclothing. He returned indoors and put on the garments. A sharp stinging pain in his back caused him to investigate. Other pains in rapid succession followed the investigation.

The physician did a sprint around the house as he pulled at his undershirt that unofficiously beat all records. The yellowjackets followed, but he outran them.

Among the students in his first class were William F. Herwin and other men of note. He was president of the Pacific Methodist Conference a number of years and of the Santa Rosa Seminary, in addition to holding several important church positions.

## GREAT MEXICAN FORCES MAY CLASH TODAY

### FEDERAL ARMY NEAR REBEL CAMP

Scouting Parties Eight Miles Away and Engagement Is Looked For.

Huerta Gives His Men Orders to Move North on Strong Hold of Enemy.

AT THE REBEL FRONT, ORTIZ, Mex., June 20.—Federal scouting parties have approached to a point eight miles below this place and a sharp engagement is looked for during the day.

**ORDERED TO MOVE NORTH.**  
AT GENERAL HUERTA'S HEAD-QUARTERS, Santa Rosalia, Mex., June 20.—The order to move north on the Mexican rebel stronghold at Bachimba was given today by General Huerta, the federal commander. The vanguard of 1300 cavalry under General Rabago is expected to be in frequent skirmishes with the enemy. The entire division commanded by General Huerta will be encamped at La Cruz or Concho at nightfall.

The outpost fighting has resulted in a loss of several federal dead, 15 wounded and 60 horses killed. The rebel losses are estimated at much greater figures because the government outposts claim to have occupied advantageous positions in the hills 20 miles north of here. General Rabago reported he had routed the enemy in every instance.

**REBEL ARMY ON MOVE.**  
BACHIMBA, June 20.—The entire rebel army moved at noon today to meet the advancing federal force Ortiz, less than 20 miles away.

A long string of troop trains carried the insurgents out of their fortified positions here. One train run by a careless engineer, ended with an engine, killing one man and wounding six, including Colonel Castaneda.

**SAVES HUSBAND'S GOLD.**  
EL PASO, Texas, June 20.—Mrs. Pascual Orozco Jr., wife of the commander-in-chief of the Mexican rebels, left here yesterday for Los Angeles, California, with her children. Before her departure local bankers say she deposited \$200,000 gold.

The report that she secured this money in the City of Chihuahua from her husband and brought it here for safe keeping pending the outcome of the revolution has been current for some time.

Another story is to the effect that Colonel Pascual Orozco Sr., father of the rebel chief, has in his possession in Juarez 38 pounds of gold bullion valued at about \$35,000, American currency, which he will attempt to get through to the United States in a few days. The gold is said to have come from a foreign-owned mine.

Many prominent rebels have been depositing money in El Paso banks recently.

**FIND GRIM REMINDER.**  
MADERA, Mexico, June 20.—Though the skirmish at Aguila, on the Mexican Northwest railroad north of here was fought a week ago, a Mexican ranchman, today riding over the battlefield, found a saddled and bridled horse, starved and thirsty, dead fast by a rope clenched in the hand of a dead federal officer. In the saddlebags were found \$5000.

### 'I've Taken Poison,' Youth Tells Mother

SAN FRANCISCO, June 20.—"I have taken poison," said Charles Pomroy, an adolescent residing at 455 Larkin street, addressing his mother at 11 o'clock this morning. The woman telephoned for an ambulance and Pomroy was taken to the Central Emergency hospital. He was dead on arrival. The young man had been dependent for some time and swallowed a large quantity of carbolic acid.

### DAVIE TO ENTER THE LISTS TODAY

Verification Deputy Certified for Him as Mayoralty Candidate.

E. L. Arnest was today certified by Assistant City Clerk Hus as a verification deputy to obtain signatures to the nomination petition for John L. Davie, who is to be a candidate against Mayor Frank K. Mott in the recall election. Davie, who was formerly mayor of Oakland, has not as yet filed his declaration of candidacy, but it is anticipated that he will do so today. Davie will be the third candidate in the mayoralty fight.

The petitions of nominations filed by Robert Vincent, Thomas Sheehan and G. H. Eustice, the three Socialist candidates, have been found to be sufficient to place their names on the recall election ballots. The petitions were filed several days ago with seventy-six signatures each. The charter demands that fifty electors shall sign a petition of nomination, and Assistant City Clerk Frank Hus completed his canvass of the petitions, checking by the great register of voters, and certified to Clerk Ed Holland that the three petitions had sufficient signatures to insure the placing of the Socialist candidates upon the ballot.

Robert Vincent is to run against Mayor Mott; John H. Eustice against Commissioner of Streets W. J. Bacus; and Thomas Sheehan against Commissioner of Public Health and Safety Fred C. Turner.

### CIVIC DEPT. FOR PUBLIC LIBRARY

Literature on Municipal Development to Form New Section.

Through the efforts of officials of the chamber of commerce and City Librarian Charles S. Greene, a section of the library devoted to reference works on the city's industries and civic development is being established. The two bodies are gathering together pamphlets and books on such topics as commercial and harbor development, experiments in civic centers and beautification, and reports on municipal policies, and under the direct supervision of Mrs. E. Overstreet, plan to install the new department in connection with the public library.

The collection of publications is the outgrowth of the work of the library committee of the chamber of commerce of which Howard W. Bray is chairman and James P. Edoff and A. Jonas members. The chamber has acquired through exchange many pamphlets and reports of park commissions, maps of civic centers, data on shipping in various ports and other literature of value to local city officials and business concerns. These have accumulated beyond the bounds of the chamber of commerce and the establishment of a department in the library is the result.

### FEARING BIAS, FAGAN FLEES PIEDMONT

Colored Nemesis of "Highlanders" Takes His Jury Trial to Plebeian Court.

One Look at Solemn Row of Bankers Waiting to Try Him Was Enough.

PIEDMONT, June 20.—Alleging that the judge and the entire town of Piedmont was biased, George Washington Fagan fled his jury trial into a more plebeian atmosphere last night, leaving behind him the protesting Highlander clan which had been assembled in full force to gently but permanently discourage the town's colored nemesis.

As a consequence, Piedmont today doesn't know whether to apply iodine to its dignity, or to set it on fire. The drinks were on Piedmont, all right, but as it is a dry town and the police force had on its uniform, acknowledgements were quite formal.

**BOW TO INEVITABLE.**  
After trying every trick of the trade, and several that were strictly original, to avoid trying Fagan on the charge of violently and with malice aforethought hurling a young boulder at the head of George Clark, a resident of the town, Piedmont last night came to the town hall prepared for the worst.

The flower of chivalry of the east bay section was represented when Judge Colin Craig, son of Mayor Hugh Craig, let the gavel fall and opened the doors of the courtroom. The proceedings, ranged along the wall under the careful eyes of Marshal Rose, thirty-six taxmen.

The court had instructed Rose to gather the taxmen from the highways and the by-ways, and the law provides, but inasmuch as the highways of Piedmont cost \$250 a front foot and the by-ways are quite as expensive, the product of the marshalling efforts looked like the ways and means committee of a new trust.

**LIKE PAGE FROM BLUE BOOK.**  
Fagan and his attorney, H. M. Street, glanced down the roll of honor and came across the names of ex-Assemblyman J. A. Bliss; George E. Clark, banker; W. B. Aldrich, banker; A. B. Caldwell, banker; H. H. Adams, brother of Edison Adams; Herbert Brown and Tom Cushing, insurance men; Granville Abbott, of the Southern Pacific; Virgil Jorgensen, son of the artist the wall didn't look any farther. Fagan's attorney hurried forward with a formidable affidavit and a sort of general-here's-my-sword feature.

His honor, Colin Craig, gathered from the document that Fagan was not the proper place to obtain a clear and unprejudiced determination of the rights of a colored citizen to bounce bricks on the cranium of one of its esteemed and respected citizens. Mr. Fagan's affidavit expressed grave doubt as to the absence of a bump of bias on his honor's head.

**CONFERENCE SETTLES IT.**  
Craig scratched the place where the jury was supposed to be, the police department and the ground-master. A poll showed thumbs up, and the court thereupon solemnly acquiesced with the affidavit and decreed that the case of the People of Piedmont against George Washington Fagan be transferred to the court of Judge "Jimmy" Quinn of Oakland, who "mixes" people, and gives people and settles give problems without regard to ancestry or the color line.

The judge adjourned court and challenged the prosecuting witness to the local police; the talented went back to their cigars and slippers, and the police department, as he tipped his chair back against the wall, observed that he had done his blasted duty and he didn't quite see why they had to spot it.

Here are the thirty-six men who were summoned: F. W. Numemacher, C. A. Ludeking, Thomas M. Dunn, O. W. Fletcher, A. A. Williams, James C. Fraser, John Henrietta, Frank Kristian, Chris Jensen, D. J. Lewis, T. H. Smith, P. Winlund, A. M. McCarthy, J. A. Furthado, E. T. Beckman, J. A. Carney, H. W. Brooks, J. A. Bliss, George Roethe, W. E. Nicholson, Virgil Jorgensen, A. B. Caldwell, M. S. Broadway, F. J. White, Omer Cox, H. J. Quinn, C. W. Gause, E. T. Gorie, H. H. Adams, H. W. Nello, Granville D. Abbott, J. Figueroa, Tom C. Cushing, Herbert C. Brown, S. Z. Dietz and Ross N. Cheney.

**BOARD MEETING HELD.**  
A meeting of the board of directors of the local library board was held yesterday morning at the Palace, Mrs. E. G. Denniston presiding.

An appeal is made for automobiles for these trips, and owners of cars are urged to give the use of their machines for two hours on these dates. All of the city automobiles are promised, besides those of many leading citizens and automobile companies, but they are still far from the required number. Tonight Mrs. Mary Bates McCallan, whose achievements as a decorator will convert the barren convention hall into a place of beauty, will begin her work.

The various committees reported progress among the most active being the local history and genealogy committee, who has supplied material for the press throughout the country for weeks past and through whose indefatigable work much knowledge of the history of this town has been secured. ### VISITORS TO BE GREETED AT STATE LINE

California Clubwomen Will Accord Welcome to Convention Delegates.

Auto Rides Arranged for and Other Entertainment Plans Under Way.

SAN FRANCISCO, June 20.—California clubwomen will begin greeting the stranger clubwomen just as soon as they get fairly within the gates of our state en route to the biennial convention of the General Federation of Women's Clubs, which has its preliminaries Monday in this city.

Friday night the special train from St. Louis bringing Mrs. Ona Lippin N. Moore, the General Federation president; the other officers and a few hundred delegates, is to arrive in San Francisco, but they will have been thoroughly welcomed long before that.

This train is coming over the Western Pacific and a delegation from the Oroville Monday Club will go up the road toward the Nevada state line to greet them.

When Oroville is reached Mrs. A. A. Goddard, the newly elected state president, and Mrs. Arthur Seymour of the Sacramento Tuesday Club will be there to meet the national officers and escort them to Sacramento.

**OROVILLE WELCOME.**  
A stop of half an hour is to be made in Oroville and each of the visitors will be waiting with automobiles, the badges of the town which is situated on the Feather river, consisting of a snowy feather with the words "Welcome to Oroville" in gold on it. Gifts of baskets of fruit and other delicacies will be presented to the clubwomen also.

Reaching Sacramento, a large delegation of northern district clubwomen will be waiting with automobiles. A tour of the city will end at the handsome new Tuesday clubhouse, recently erected at a cost of \$35,000, where a reception will be tendered the national officers and the delegates.

Mrs. George W. McCoy, president of the northern district of the state federation, will present Mrs. Moore, the national president, with a handsome bouquet of flowers as she enters the official welcome to California and will also give from her district a beautiful silver card case containing the cards of the 30 clubs of that district.

**FRUIT TO BE GIFT.**  
Everyone will be presented with some of the choicest fruit of the state, adorned with colored views of the state capitol and scenes along the rivers of northern California. These will be tied with ribbons, ornamented with the great seal of the state.

Saturday afternoon a delegation of 10 or a dozen representatives from the Tuesday club of Sacramento, Woman's of Lincoln, Avon of Placerville, Thursday of Fair Oaks, Kingsley of Colusa, and the Tuesday club of Colusa, will meet Mrs. McCoy, who will go to Truckee to meet the "biennial special" with the delegations from Idaho and Illinois, who reach there Sunday morning.

On their arrival in Truckee Saturday evening the California clubwomen will be given a reception by the Woman's club of Truckee in Masonic hall.

Sunday Mrs. McCoy and her committee will accompany the women of the biennial special to Tahoe, and the day will be spent in a tour of the lake.

**BOARD MEETING HELD.**

### PAWNBROKERS ARE PLACED ON CARPET

SAN FRANCISCO, June 20.—The board of police commissioners has placed twelve local pawn brokers to appear at this afternoon's meeting and show cause why their licenses should not be revoked for failing to comply with the rules of the department. It has long been a regulation of the board that all pawn brokers must keep a record of articles pledged, with the address of the owner and a description. Recently through Ernest Lowenstein, alias George Davis, charged with burglary, it was found that no such records were being kept. Lowenstein was arrested by Officers Birman and Hordern and confessed to about twenty burglaries. He took the police around to the various pawn shops where he had disposed of his loot and not in a single instance was a record found.

### POLICE HEAR STORY OF BETRAYAL

East Oakland Girl Charges Youth and Woman, Who Are Held.

Agnes Cochran Declares She Was Offered Beer and Later Was Attacked.

Claiming that she was attacked by Edward Severens of 1217 Eighteenth avenue while he was taking her to her home, 7961 Garden street, Agnes Cochran, aged 21 years, went in tears to her parents last night and told a pitiful story of having been betrayed. As a result of her story, Captain Thorwald Brown and Patrolman Anderson took Severens and Mrs. Lizzie Ambrose, whom the girl names in her story, into custody, and the two are now being held in detinue pending an investigation of the case.

According to the police and to the admissions of her parents, Agnes Cochran is feeble-minded, and the only evidence the police have against the two people being held is the word of the girl. The parents of the girl, Mr. and Mrs. T. Cato, claim that Severens imposed upon the simplicity of their daughter. It is probable that unless corroborative evidence of some kind is obtained today Severens and Mrs. Ambrose will be released, as there is no present sufficient timony to make the issuance of a warrant justifiable.

According to the Cochran girl, she visited Mrs. Ambrose, 1217 Eighteenth avenue, early last evening. Severens, who is also known as Ed Scott by the girl, was there at the time.

"They tried to make me drink some beer," the girl told her stepfather and her mother. "I would not take it. After a while the man said he would take me home."

"We started home, but did not go in the right direction. He took me into the Dowling tract and there he started to make love to me. I did not know what he meant at first. Then he forced his attentions upon me and I was afraid and did not know what to do and we were so far from a house that I could not make any body hear if I cried. Then I ran to my home."

The police do not know whether to believe the girl's story or not, as there is no means of obtaining additional evidence. According to those who have investigated the case, the young woman is somewhat feeble-minded, and has been seen in the society of several men of about her own age.

### Promoter Disappears With \$250,000 Fee

Police Search for Wealthy Man Who May Have Been Robbers' Victim.

NEW YORK, June 20.—The police here are searching today for William Bloom, a wealthy Chicago promoter, who disappeared from a downtown hotel, on the morning of June 1. On the day before he had received \$250,000 in cash for his services in settling a claim for J. P. Knight of Chicago.

On April 24 he came here on the mission for Knight. Colonel George K. Knight, a close friend of Bloom, reported his disappearance. "It is my belief some criminal knew Bloom was to get a large sum of money and he has robbed him," said Colonel Knight. "If he were sick, he would certainly have communicated with me."

AROUND THE BASES

The crowd that greeted the opposing teams wasn't a big one, in fact, it could have been termed a very small one if compared with previous games that have been at Recreation Park to see the Oaks in action.

Gus Hetting made half of the Oaks' hits and both of them helped the locals into the long end of the score. Coy's was a hummer too for it was good for the whole circuit and those are the kind that count.

Harry B. Smith, the official scorer who is one of the commissioners that will award the bubble given by the champions people at the end of the season to the best ball player, has an eye on Ivan Howard of the Angels.

Brookes who is catching for the Angels is doing nice work behind the bat for Dillon's men. It is his first real year in big league company although he has had some little experience around the bushes.

That old saying that doctors disagree is plainly seen in the case of Ables. One says that he will be out of the game for months, while another says he will be all right in a few days. Best thing the fans can do is to wait and see what they shall see.

Clever Jack Murphy who rides the Angels, tells you in a loud voice where the ball games are to be played, is being considered as a good card to send around the country by the exposition people. It is his ability to bring forth the fair in that clever style of his and it would be a big ad for the state to have him riding a horse and telling of California in the various cities of the land.

Captain Mohler of the Seals came home from Sacramento last night "Shot all to pieces" as he says. The little fellow is mainly and crippled from head to foot and should have quit long ago. His heart was for the team though and he simply declined to lay down his burdens until absolutely necessary. What a pity the Seals haven't a few more men of the caliber of Mohler.

A dyed-in-the-wool fan sent a boy to the plate the second time Howard came up with package. It was a stick pin, after which the boy told Howard lived up to traditions and fanned out.

Boots and Bobbles by Pat's Gang Give Bill Reidy a Chance for Victory.

LOS ANGELES, June 20. — Vernon beat the crusher on the Portland outfit again yesterday in a close and interesting contest that was a real treat for the fans. McCredie shook up his team somewhat with apparently good results. Chadbourne's triple in the fourth, his second and time up, was the clearest hit of the game and resulted in his coming in with the only score of the game. A moment later after the catch of Lindsey's fly to Carlisle.

Koester and Carson put up equally consistent games, the former allowing five hits and the latter four. Kane, particularly, round Koester and scored three of the five hits the Tigers registered in the first inning. Lindsey followed with a double and a single.

Carlisle was hit by a pitched ball in the first inning, and, although he played up to the sixth inning, he was forced to retire in that session because of the injury. In the fifth inning he swapped fields with Bayless, but did not stand the pace any longer.

Stewart went in in the sixth to take his place. After Carlisle had reached first Kane doubled and both scored on Brannen's single. Kane's triple in the third and McDonnell's single brought the former scorer to the plate for the last run.

JUST A LITTLE DOPE THAT WILL PUT FANS RIGHT

A story from the far east this morning states that Rube Marquard has established a world's record for the number of consecutive games won, he having scored 15 straight victories.

Another story a few days ago also credited Washington with having established a major league record when that team won 18 straight games.

According to the record books both of these statements are in error.

IN 1886 James McCormick, pitching for the Chicago Nationals, won 24 straight games. In 1890 Jack Luby, pitching for Chicago, won 20 straight games.

During the season of 1884 Providence won 20 straight games. In 1886 the Chicago White Sox won 19 straight games and in 1904 the New York Giants won 18 straight games.

HUB PERNOLL IS WITH US READY TO HELP OAKLAND WIN

"Hub" Pernoll, re-acquired for Oakland from the Detroit Club, arrived here this morning, and will be in uniform this afternoon when Sharpe's boys face the Angels at Framman's Park.

The club's twirler is apparently in first-class condition and ready to aid his old teammates without much further training. Pernoll was a tower of strength to the locals last year, and his addition now will go a long way toward restoring confidence to the team.

CHICAGO, June 20. — The Chicago Americans defeated St. Louis by the score of 5 to 1 in the first of four games. Boston won easily, hitting Warhop at critical stages.

BERG-PETROSKEY BOUT SHOULD PROVE GOOD ONE

Rival Middleweights Rounding to Form for Ten-Round Go; Kaufman and Miller Are Ready

Sailor Ed Petroskey of the United States navy and Otto Berg, from the land of apples and mists, are both drilling like trojans for their 10-round bout under the auspices of the Fruitvale Club, at Piedmont Pavilion, on next Wednesday evening. The son of Mars is doing his training at Goat island and reports from there have it that the sailorman is rounding to in great shape and that he will be fit and ready when called on to swap punches with the man from appleland.

Berg is also rounding to form in great style out at Al. White's place and all signs point to the bout being one of the best that has been staged around the bay in many moons.

Coupled with the main event, Al. Moffitt, who is doing the matchmaking for the Fruitvale club, has gotten together a fast bunch of future greats of the roped arena and they will certainly dish up a series of fast scraps.

Soll, Burns and Walter Scott and Ray Braughman and Frank Rome are down for six rounds each while Jack Carroll and Bert Slavick, middleweights, and Al. Reynolds and Joe J. King, heavyweights, are billed for four rounds each.

ABLE ATTLE GOES TO WORK. Able Attle who is to have the chance to square himself with the fight fans on July Fourth at Daly City will be the mark with Harlem Tommy Murphy donned the training camp togs at Joe Mullett's place yesterday and is now hard at the grind.

He will take to the road each day with the peep of the sun and in the afternoon will go through the usual stunts around the gym. Eddie Camp, Tausig's fast little bantam, has been engaged as a sparring partner and so the jaunty Burns and crack from Kansas City, Billy Nolan will have charge of the camp.

Murphy and his manager, Jim Buckley, left New York for this city last evening. They should arrive on Monday. The Harlem lad, as usual, will make his headquarters at Al. White's place in Oakland. Evidently the terms which Coffroth wired Murphy and his manager to a T.

ALL UP TO AL. KAUFMANN. Tomorrow night at Dreamland rink, under the auspices of Billy, Kyau, big Al. Kaufmann will be given the chance to set his name in the pugilistic hall of fame or he will be on his way to Ashcroftville.

Big Al is to swap punches with Louis Parent's "Chad" who is a former champion and both men realize what a victory or a defeat means.

There has been training like a steam engine at Al. Kaufmann's place as a sort of snap, but he is extremely confident that he can beat the big motor-man.

Kaufmann will endeavor to make the fight short and sweet as a victory by a knockout would revive his stock in the pugilistic market.

Miller is up at Louis Parent's resort in Al. Kaufmann's place in the position of the coming contest. He is reported to be in excellent shape, and his friends look for him to defeat Kaufmann. Miller plans to make aggressive moves as Kaufmann figures to outbox him.

There are six other bouts on from tomorrow night and reports from the various camps where the boys are in training are to the effect that they are ready to do their best. Lee Johnson

Gunboat Smith Still Able to Drop Man With a Punch

NEW YORK, June 20. — "Gunboat" Smith of California out-fought Sailor White of Newark in their 10-round bout last night. The Californian gave away 20 pounds but despite this handicap he knocked White to the mat four times.

and Manuel Vierra, the crack 125 pounder, who are to go four rounds, should put up an interesting contest, as both are clever and aggressive. Like Golden and "One Round" Andrews are slated to go four rounds.

Rule Turner will try to redeem himself by making Tommy Holmes in a return battle. The pair met several weeks ago, and Holmes surprised the crowd by knocking Turner out in a round.

WOLF GAST WANTS TO GOX. Jimmy Coffroth received a wire from Tom Jones last night asking for bouts for Ad. Wolgast. "Cherokee Tom" did not specify who he wants for Ad, but it is presumed that he would like to tackle the winner of the Attell-Murphy bout. Billy Nolan on behalf of Attell said that he was willing to work with Wolgast, but what Jim Buckley on behalf of Tommy Murphy will accept so the fans can figure on something attractive for the month of August.

HOGAN IS NOT A CARD. Jimmy Coffroth wired K. O. Brown yesterday asking if he would care to mix with the Boulder Hogan during the month of August. One round has been accepted the terms that Jimmy offered and now it is up to K. O.

Coffroth is not to match who ever he sees fit but to the fans who know One Round Hogan he is making a mighty poor match. Brown might be all that is left but Hogan is not a real card by any means.

WATSON IS AT WORK. "Red" Watson who is to swap punches with Frank Burns a week hence from tomorrow night is reported to be working at Niles Canyon under the wing of Freddie Hogan and reports from there say that he is rapidly getting into shape and that Hogan figures him to beat the pride of Oakland.

Burns is at Billy Shannon's under the wing of Kid Parker and is performing the work of a training camp with his usual dash and vim.

NOVICES IN BOWLING SHOW VETERANS A NEW TRICK

At a practice match of the Oakland Scottish Bowling Club at Lakeside Park bowling green yesterday afternoon, at which the veterans were pitted against James Smille were pitted against Robert Daisel and Taliesin Evans, the most remarkable head ever witnessed on the Pacific coast green, according to the representations of the veterans, was produced by the playing of the novices Evans and Smille, who were in excellent form.

The Daisel team's play. The jack was delivered the full length of the green, Evans' lead. The first bowl carried the jack about three feet and then the second bowl, the middle one, not in touch and the fifth twenty feet away on the green.

When the lead was closed no change had been made in the position. Only five bowls of the sixteen remained in play, eleven bowls standing dead on the bank, one bowl in touch in the ditch. Two of the bowls in the middle one, not in touch and the fifth twenty feet away on the green.
